**\$100,116,000 (4,120,000 Units)**

This prospectus supplement, together with the short form base shelf prospectus to which it relates, qualifies the distribution of 4,120,000 units (“Units”) at a price of \$24.30 per Unit of Calloway Real Estate Investment Trust (“Calloway” or the “Trust”) (the “Offering”) pursuant to an underwriting agreement dated September 24, 2010 (the “Underwriting Agreement”) between Calloway and RBC Dominion Securities Inc., CIBC World Markets Inc., BMO Nesbitt Burns Inc., TD Securities Inc., Scotia Capital Inc., Canaccord Genuity Corp., Macquarie Capital Markets Canada Ltd., Desjardins Securities Inc., Dundee Securities Corporation and HSBC Securities (Canada) Inc. (collectively, the “Underwriters”). The Units are listed on the Toronto Stock Exchange (the “TSX”) under the trading symbol “CWT.UN”. The TSX has conditionally approved the listing of the additional Units to be distributed under this prospectus supplement, together with the short form base shelf prospectus of Calloway dated October 9, 2009, on the TSX. Listing is subject to Calloway fulfilling the requirements of the TSX as set out in their conditional approval on or before December 21, 2010. On September 22, 2010, the last completed trading day prior to the announcement of the Offering, the closing price of the Units on the TSX was \$24.45. Calloway is an unincorporated “open-end” trust constituted in accordance with the laws of the Province of Alberta, pursuant to a declaration of trust that was most recently amended and restated as of September 14, 2009 (the “Declaration of Trust”). Calloway was created to invest in income-producing rental properties located in Canada.

- Notes:**
- (1) The offering price per Unit was determined by negotiation between Calloway and the Underwriters.
  - (2) Before deducting expenses of the Offering, estimated to be \$375,000, together with the Underwriters’ fee, which will be paid from the proceeds of the Offering.
  - (3) Calloway has also granted the Underwriters an option (the “Over-Allotment Option”), exercisable for a period of 30 days from the date of closing of the Offering, to purchase up to 618,000 additional Units on the same terms set forth above, to cover over-allotments, if any, and for market stabilization purposes. This prospectus supplement, together with the Short Form Prospectus, also qualifies the granting of the Over-Allotment Option and the distribution of any Units issuable on the exercise of such option. A purchaser who acquires Units forming part of the Underwriters’ Over-Allotment Option acquires those Units under this prospectus supplement, regardless of whether the Underwriters over-allotment position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases. See “Plan of Distribution”. If the Underwriters exercise the Over-Allotment Option in full, the total price to the public relating to the Offering, the Underwriters’ fee and the net proceeds to Calloway before deducting the expenses of the Offering will be \$115,133,400, \$4,605,336 and \$110,528,064, respectively.

A return on an investment in Units of Calloway is not comparable to the return on an investment in a fixed-income security. The recovery of an investment in Units is at risk, and any anticipated return on an investment in Units is based on many performance assumptions. Although Calloway intends to make distributions of a significant percentage of its available cash to the holders of its Units (“Unit holders”), these cash distributions are not assured and may be reduced or suspended. The ability of Calloway to make cash distributions and the actual amount distributed will be dependent upon,

among other things, the financial performance of the properties in its property portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Units may decline for a variety of reasons including if Calloway is unable to meet its cash distribution targets in the future, and that decline may be significant. It is important for a person making an investment in Units of Calloway to consider the particular risk factors that may affect both Calloway and the real estate industry in which Calloway operates and which may therefore affect the stability of the cash distributions on the Units of Calloway. See the section entitled “Risk Factors” in Calloway’s annual information form dated February 24, 2010 which describes Calloway’s assessment of those risk factors, as well as the potential consequences to a Unitholder if a risk should occur.

The after-tax return from an investment in Units to Unitholders that is subject to Canadian income tax can be made up of both a “return on” and a “return of” capital. That composition may change over time, thus affecting a Unitholder’s after-tax return. Returns on capital are generally taxed as ordinary income, capital gains or as dividends in the hands of a Unitholder. Returns of capital are generally tax-deferred (and reduce the Unitholder’s cost base in the Unit for tax purposes). See “Canadian Federal Income Tax Considerations.”

**Calloway is not a trust company and is not registered under applicable legislation governing trust companies as it does not carry on or intend to carry on the business of a trust company. Calloway qualifies as a mutual fund trust for the purposes of the *Income Tax Act (Canada)* (the “Tax Act”) and offers and sells its Units to the public. The Units are not “deposits” within the meaning of the *Canada Deposit Insurance Corporation Act (Canada)* and are not insured under the provisions of that act or any other legislation.**

**The Units offered hereby will be eligible for investment under certain statutes as set out under “Eligibility for Investment”.**

**In connection with this Offering, the Underwriters may over-allot or effect transactions that stabilize or maintain the market price of the Units at levels other than those which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time. Furthermore, the Underwriters may offer the Units to the public at a price lower than the offering price applicable to the Units. See “Plan of Distribution”.**

**In connection with this Offering, Calloway may be considered a “connected issuer” of RBC Dominion Securities Inc., CIBC World Markets Inc., BMO Nesbitt Burns Inc., TD Securities Inc., Scotia Capital Inc., Desjardins Securities Inc. and HSBC Securities (Canada) Inc. under applicable laws.** Each of RBC Dominion Securities Inc., CIBC World Markets Inc., BMO Nesbitt Burns Inc., TD Securities Inc., Scotia Capital Inc. and HSBC Securities (Canada) Inc. is a wholly-owned subsidiary of a Canadian chartered bank (the “Affiliated Banks”), which Affiliated Banks are lenders to Calloway. See “Relationship Between Calloway and Certain of the Underwriters”.

The Underwriters, as principal, conditionally offer the Unit, subject to prior sale, if, as and when issued, sold and delivered by Calloway and accepted by the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under “Plan of Distribution” and subject to the approval of certain legal matters on behalf of Calloway by Shea Nerland Calnan LLP and on behalf of the Underwriters by McCarthy Tétrault LLP. Subscriptions will be received subject to rejection or allotment in whole or in part and the Underwriters reserve the right to close the subscription books at any time without notice. It is expected that definitive certificates evidencing the Units will be available for delivery at closing which is expected to occur on or about September 30, 2010, or such later date as Calloway and the Underwriters may agree, but in any event no later than October 7, 2010.

#### FORWARD-LOOKING STATEMENTS

Certain statements in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and in the Short Form Prospectus are "forward looking statements" that reflect management's expectations regarding Calloway's future growth, results of operations, performance and business prospects and

opportunities and other future events. More specifically, certain statements contained in this prospectus supplement in the sections “Consolidated Capitalization”, “Use of Proceeds” and “Risk Factors” regarding anticipated use of the net proceeds from the Offering and Calloway’s expectation of not being subject to the SIFT Rules (as defined herein) are forward looking statements. All statements other than statements of historical fact contained in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and in the Short Form Prospectus are forward looking statements including, without limitation, statements that contain words such as “could”, “should”, “can”, “anticipate”, “expect”, “believe”, “will”, “may” and similar expressions, and statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of Calloway or its subsidiaries. These forward looking statements are presented for the purpose of assisting Calloway’s investors and financial analysts in understanding Calloway’s operating environment, and may not be appropriate for other purposes. Such forward looking statements contained directly in this prospectus supplement reflect management’s current beliefs and are based on information currently available to management.

Forward looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward looking statements including risks associated with real property ownership, debt financing, interest and financing, capital requirements, credit risk, general uninsured losses, developments, future property acquisitions, competition for real property investments, environmental matters, land leases, potential conflicts of interest, reliance on key personnel, and tax related matters. These risks and others are more fully discussed under the “Risk Factors” section of this prospectus supplement and the “Risk Factors” section of the Short Form Prospectus, which also refers to the risks described in Calloway’s most recent annual information form, which document has been incorporated by reference herein and in the Short Form Prospectus. Although the forward looking statements contained in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and therein are based upon what management believed to be reasonable assumptions at the time such statements were made, Calloway cannot assure investors that actual results will be consistent with these forward looking statements. The forward looking statements contained in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and therein are expressly qualified in their entirety by this cautionary statement and by the cautionary statements contained in the Short Form Prospectus and in the documents incorporation by reference herein and therein. The forward looking statements contained in this prospectus supplement are made as at the date of this prospectus supplement, the forward looking statements contained in the Short Form Prospectus are made as at the date of the Short Form Prospectus and the forward looking statements contained in the documents incorporated by reference herein or in the Short Form Prospectus are made as of the date of such documents, and Calloway assumes no obligation to update or revise such forward looking statements to reflect new events or circumstances except as otherwise required by applicable securities legislation.

## RECENT DEVELOPMENTS

On September 13, 2010 Calloway announced that it had closed the acquisition of two new, unenclosed, large-scale, Walmart-anchored shopping centres, totalling 730,000 square feet, for a purchase price of approximately \$131 million, including transaction costs.

On September 22, 2010, Calloway announced that it had entered into an agreement with respect to this offering.

On September 23, 2010, Calloway announced that it had also entered into an agreement to issue \$100-million principal amount of Series F senior unsecured debentures on a bought deal basis, such debentures to carry a coupon rate of 5.00% and mature on February 1, 2019 (the “**Series F Unsecured Debenture Offering**”).

On September 23, 2010, Calloway also announced that it had given notice of its intention to exercise its right to redeem all of its outstanding 10.25% series C senior unsecured debentures. The redemption date will be October 25, 2010 and the aggregate redemption price will be approximately \$181,438,000, inclusive of approximately \$31,438,000 in yield maintenance and accrued interest.

## ELIGIBILITY FOR INVESTMENT

In the opinion of Shea Nerland Calnan LLP, counsel to Calloway, and McCarthy Tétrault LLP, counsel to the Underwriters, on the date of this prospectus supplement, the Units, if issued on the date of this prospectus supplement, will not be a prohibited investment for a registered pension plan under the Tax Act other than a plan for which Calloway, or a person who is connected with, controlled directly or indirectly in any manner by or that does not deal at arm's length with Calloway, is the employer. Provided that Calloway is a mutual fund trust under the Tax Act, the Units will be qualified investments under the Tax Act and the regulations thereunder (the "**Regulations**") for a trust governed by a registered retirement savings plan, a registered retirement income fund, registered education savings plan, registered disability savings plan, a tax free savings account or a deferred profit sharing plan (collectively, the "**Plans**").

Notwithstanding the foregoing, if the Units are "prohibited investments" for a tax-free savings account ("**TFSA**"), the holder of the TFSA will be subject to a penalty tax as set out in the Tax Act. A "prohibited investment" includes a unit of a trust which does not deal at arm's length with the holder of the TFSA, or in which the holder has a significant interest, which in general terms means the ownership of 10% or more of the value of the trust's outstanding units by the holder, either alone or together with persons and partnerships with whom the holder does not deal at arm's length. Holders of TFSAs should consult with their tax advisors in this regard.

## CONSOLIDATED CAPITALIZATION

As at June 30, 2010, the end of the most recently completed financial period of Calloway for which financial statements of Calloway have been filed in accordance with applicable Canadian securities legislation, Calloway had 85,428,746 trust units ("**Units**") and 16,375,431 Exchangeable Securities (as defined below) outstanding for a total of 101,804,177 Units and Exchangeable Securities in aggregate. In this prospectus supplement, "**Exchangeable Securities**" means any securities of any trust, limited partnership or corporation other than Calloway that are convertible or exchangeable directly for Units without the payment of additional consideration therefore. From June 30, 2010 to the date of this prospectus supplement 7,344,279 Units and 484,228 Exchangeable Securities have been issued by Calloway or one of its subsidiaries, either: (i) as partial consideration for acquisitions; (ii) pursuant to the incentive deferred unit plan established for Calloway's trustees, officers and employees; (iii) through Calloway's distribution reinvestment plan; (iv) through Calloway's at-the-market distribution program; (v) pursuant to Calloway's August 2010 equity offering; or (vi) upon the exercise of previously outstanding convertible securities. As such, as at the date of this prospectus supplement, Calloway had 92,773,025 Units and 16,859,659 Exchangeable Securities outstanding for a total of 109,632,684 Units and Exchangeable Securities in aggregate. As at the date of this prospectus supplement and assuming completion of this Offering, Calloway will have 96,893,025 Units and 16,859,659 Exchangeable Securities outstanding (97,511,025 Units and 16,859,659 Exchangeable Securities outstanding assuming the Over-Allotment Option is exercised in full) for a total of 113,752,684 Units and Exchangeable Securities in aggregate (for a total of 114,370,684 Units and Exchangeable Securities in aggregate assuming the Over-Allotment Option is exercised in full).

As at June 30, 2010, the indebtedness of Calloway, consisting of mortgages payable, development loans, unsecured debentures, convertible debentures and revolving operating facilities was approximately \$2,754,404,000. Since that time, the net indebtedness of Calloway has decreased by approximately \$27,434,000 including a decrease of approximately \$62,903,000 to repay a portion of indebtedness and a decrease of approximately \$12,525,000 to repay the scheduled amortization of mortgages payable, offset by an increase of approximately \$47,994,000 in connection with financing, acquisition and development activities. As a result of the Series F Unsecured Debenture Offering, the indebtedness of Calloway will increase by a further \$98,100,000 (net of anticipated costs). However, of the net proceeds of this Offering and the Series F Unsecured Debenture Offering, it is currently anticipated that approximately \$181,438,000 will be used by Calloway to repay a portion of its indebtedness, inclusive of \$31,438,000 in yield maintenance and accrued interest and exclusive of unamortized costs of \$900,000. Therefore, Calloway anticipates that the net indebtedness of Calloway following this offering and the Series F Unsecured Debenture Offering, will decrease by approximately \$51,000,000. See "Use of Proceeds".

## PLAN OF DISTRIBUTION

Pursuant to the Underwriting Agreement, Calloway has agreed to sell and the Underwriters have severally agreed to purchase on September 30, 2010, or on such later date as may be agreed upon, but in any event not later than October 7, 2010, subject to compliance with all necessary legal requirements and to the terms and conditions contained in the Underwriting Agreement, an aggregate of 4,120,000 Units at a purchase price of \$24.30 per Unit for an aggregate gross consideration of \$100,116,000 payable in cash to Calloway by the Underwriters against delivery of the Units on the closing of the Offering. For its services rendered in connection with the Offering, the Underwriters will receive fees of \$4,004,640 from the sale of the Units pursuant to this Offering (\$0.972 per Unit). See "Use of Proceeds". Calloway has granted the Underwriters an option (the "**Over-Allotment Option**"), exercisable for a period of 30 days from the date of the closing of the Offering, to purchase up to 618,000 additional Units on the same terms set forth above, to cover over-allotments, if any, and for market stabilization purposes. This prospectus supplement, together with the Short Form Prospectus, also qualifies the granting of the Over-Allotment Option and the distribution of any Units issuable on the exercise of such option. A purchaser who acquires Units forming part of the Underwriters' Over-Allotment Option acquires those Units under this prospectus supplement, regardless of whether the Underwriters over-allotment position is ultimately filled through the exercise of the Over-Allotment Option or secondary market purchases. If the Underwriters exercise the Over-Allotment Option in full, the total price to the public relating to the Offering, the Underwriters' fee and the net proceeds to Calloway before deducting the expenses of the Offering will be \$115,133,400, \$4,605,336 and \$110,528,064, respectively.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events.

If one or more of the Underwriters fails to purchase their allotment of the Units, the remaining Underwriter or Underwriters may, but are not obligated to, purchase the Units not purchased by the Underwriter or Underwriters who failed to purchase. The Underwriters are, however, obligated to take up and pay for all of the Units if any of the Units are purchased under the Underwriting Agreement.

Calloway has agreed to indemnify the Underwriters and their respective shareholders, directors, officers, employees and agents against certain liabilities, including civil liabilities under Canadian provincial securities legislation, or to contribute to any payments the Underwriters may be required to make in respect thereof.

This Offering is being made in each of the provinces of Canada. The Units have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**U.S. Securities Act**") or any state securities laws. Accordingly, except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws, the Units may not be offered, sold or delivered within the United States, and each Underwriter has agreed that it will not offer, sell or deliver the Units within the United States except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of this Offering of the Units, any offer or sale of the Units offered hereby within the United States by any dealer (whether or not participating in this Offering) may violate the registration requirements of the U.S. Securities Act.

Pursuant to policy statements of certain regulators, the Underwriters may not, throughout the period of distribution, bid for or purchase Units. The foregoing restriction is subject to exceptions, on the condition that the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, Units. These exceptions include a bid or purchase permitted under the bylaws and rules of the TSX relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Under the first-mentioned exception, in connection with the Offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Units at levels other than those which might otherwise prevail in the open market. Those transactions, if commenced, may be discontinued at any time.

The Underwriters propose to offer the Units to the public at the offering price of \$24.30 per Unit. After the Underwriters have made a reasonable effort to sell all of Units at that price, the offering price to the public may be decreased and may be further changed from time to time to an amount not greater than \$24.30 per Unit, and the

compensation realized by the Underwriters will be decreased by the amount that the aggregate price paid by the purchasers for the Units is less than the price paid by the Underwriters to Calloway.

Calloway has agreed with the Underwriters not to issue or sell Units, other equity securities or other securities convertible or exchangeable into equity securities (or agree to do so or publicly announce any intention to do so) for a period of 90 days following the date of closing of the Offering, without the prior consent of the Underwriters, other than in connection with specific types of transactions.

The Units are listed on the TSX under the trading symbol “CWT.UN”. Calloway has obtained conditional approval to list the additional Units to be distributed pursuant to this Offering on the TSX. Listing is subject to Calloway fulfilling the requirements of the TSX on or before December 21, 2010. On September 22, 2010, the last completed trading day prior to the announcement of the Offering, the closing price of the Units on the TSX was \$24.45.

A portion of the net proceeds of the offering will be used to repay a portion of the current outstanding indebtedness of Calloway. See “Use of Proceeds”.

The credit facilities and the mortgages referred to above are secured by certain assets of Calloway. The agreements governing such indebtedness contain representations and covenants, restrictions and events of default that are customary for such agreements, including restrictions on Calloway relating to additional indebtedness, liens and encumbrances and adherence to specified financial covenants.

As of the date of this prospectus supplement, Calloway is in compliance with the terms of such agreements and the financial position of Calloway and the value of the security granted to the Banks pursuant to such agreements have not materially changed since such agreements were entered into.

Each of the Underwriters has advised Calloway that the decision to underwrite this offering was made independently of the Banks and the Banks had no influence as to the determination of the terms of the distribution. None of the Underwriters will receive any benefit in connection with this offering other than its share of the Underwriters’ fee payable by Calloway.

## **USE OF PROCEEDS**

The estimated net proceeds to Calloway from this Offering, after deducting the Underwriters’ fees of \$4,004,640 and the estimated expenses of the issue estimated to be approximately \$375,000, will be approximately \$95,736,360. If the Underwriters exercise the Over-Allotment Option in full, the estimated net proceeds to Calloway from this Offering, after deducting the Underwriters’ fee of \$4,605,336 and the estimated expenses of this Offering of \$375,000, will be approximately \$110,153,064.

Of the net proceeds from the Series F Unsecured Debenture Offering, being approximately \$98,500,000, Calloway intends to use 100% of those proceeds to partially redeem the outstanding 10.25% series C senior unsecured debentures due April 14, 2014 (inclusive of approximately \$14,371,000 to pay yield maintenance and accrued interest thereon). Of the net proceeds from this Offering, Calloway intends to use approximately \$82,938,000 to redeem the balance of the outstanding 10.25% series C senior unsecured debentures due April 14, 2014 (inclusive of

approximately \$17,067,000 to pay yield maintenance and accrued interest thereon), and the balance for satisfying pipeline obligations and general trust purposes.

### CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Shea Nerland Calnan LLP, counsel to Calloway, and McCarthy Tétrault LLP, counsel to the Underwriters, the following is, at the date hereof, a summary of the principal Canadian federal income tax considerations generally applicable to a Unitholder, who acquires Units pursuant to this Offering and who, at all relevant times, for purposes of the Tax Act, is resident in Canada, holds the Units as capital property and deals at arm's length and is not affiliated with Calloway. Generally, the Units will be considered capital property to a Unitholder provided that the Unitholder does not hold the Units in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Unitholders whose Units might not otherwise qualify as capital property may be entitled to obtain such qualification in certain circumstances by making an irrevocable election permitted by subsection 39(4) of the Tax Act applicable to all Canadian securities owned by the Unitholder in the year of the election and all subsequent years. Such Unitholders should consult their own tax advisors having regard to their particular circumstances.

This summary is not applicable to a Unitholder that is a "financial institution" (as defined in the Tax Act for purposes of the mark-to-market rules) or a "specified financial institution", or a Unitholder an interest in which is a "tax shelter investment" (all as defined in the Tax Act), or a Unitholder which reports its Canadian tax results in a functional currency (which excludes Canadian dollars) under the Tax Act. Such Unitholders should consult their own tax advisors having regard to their particular circumstances.

This summary is based upon the facts set out in the Short Form Prospectus and this prospectus supplement, information provided by Calloway certified as correct in an officer's certificate from the management of Calloway, the current provisions of the Tax Act and the Regulations in force at the date of this prospectus supplement, all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and counsel's understanding of the current administrative and assessing policies and practices of the Canada Revenue Agency (the "CRA") published in writing by it. There can be no assurance that the proposed amendments will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes of law or practice, whether by judicial, governmental or legislative decision or action or changes in the administrative and assessing policies and practices of the CRA, nor does it take into account any other federal, or provincial, territorial or foreign income tax considerations. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation. This summary also assumes that Calloway will at all times comply with the Declaration of Trust.

**This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Unitholder, and no representations with respect to the income tax consequences to any particular Unitholder are made. Accordingly, prospective purchasers should consult their own tax advisors for advice with respect to the tax consequences to them of acquiring, holding and disposing of the Units, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.**

**This summary does not address any Canadian federal income tax considerations applicable to non-residents of Canada, and non-residents should consult their own tax advisors regarding the tax consequences of acquiring and holding the Units. All distributions on the Units to non-residents, whether in cash or additional Units, will be net of any applicable withholding taxes.**

This summary is not exhaustive of all possible Canadian federal tax considerations applicable to an investment in Units. Moreover, the income and other tax consequences of acquiring, holding or disposing of Units will vary depending on the holder's particular circumstances, including the province or provinces in which the Unitholder resides or carries on business.

In this summary, references to Calloway are to Calloway Real Estate Investment Trust and not to any of its subsidiaries or other entities in which it holds an interest.

### **Status of Trust**

Calloway has advised counsel that it is, and expects that it will continue at all times to qualify as, a unit trust and a mutual fund trust under the provisions of the Tax Act, and has provided a certificate to support such advice. This summary therefore assumes that Calloway does and will continue to so qualify. In addition, Calloway has advised in an officer's certificate that it has elected pursuant to the Tax Act to be deemed to be a mutual fund trust from the date it was established. If Calloway were not to so qualify, the income tax consequences described below would be materially different.

### **Taxation of Unitholders**

A Unitholder is generally required to include in computing income for tax purposes in each year the portion of the income of Calloway for the year, including the taxable portion of net realized capital gains, determined for the purposes of the Tax Act, that is paid or payable to such Unitholder in the year.

The Declaration of Trust provides that net income and net taxable gains for the purposes of the Tax Act will be allocated to Unitholders in the same proportion as distributions received by Unitholders.

On the disposition or deemed disposition of a Unit, whether on a redemption or otherwise, the Unitholder will realize a capital gain (or capital loss) equal to the amount by which the Unitholder's proceeds of disposition exceed (or are less than) the aggregate of the adjusted cost base of the Unit and any reasonable costs of disposition. Proceeds of disposition will not include an amount payable by Calloway that is otherwise required to be included in the Unitholder's income, including any capital gain realized by Calloway in connection with a redemption of Units which has been designated by Calloway to the redeeming Unitholder. The taxation of capital gains and capital losses are described below.

Based on Calloway's distribution policy, the amount distributed to Unitholders in a year may exceed the net income and net realized taxable capital gains of Calloway for that year. Such excess distributions will not be included in computing the income of Unitholders for tax purposes. However, a Unitholder is required to reduce the adjusted cost base of the Unitholder's Units by the amount paid or payable to the Unitholder by Calloway (other than the non-taxable portion of capital gains designated by Calloway) that was not included in computing the Unitholder's income and will realize a capital gain in the year to the extent the adjusted cost base of the Units would otherwise be a negative amount. The cost to a Unitholder of additional Units received in lieu of a cash distribution of income will be the amount of income distributed by the issue of those Units. For the purpose of determining the adjusted cost base to a Unitholder of Units, the cost of the newly acquired Units will be averaged with the adjusted cost base of all of the Units owned by the Unitholder as capital property immediately before the acquisition in accordance with the detailed provisions of the Tax Act.

One-half of any capital gain realized by a Unitholder and the amount of any net taxable capital gains designated by Calloway in respect of a Unitholder will generally be included in the Unitholder's income as a taxable capital gain and one-half of any capital loss realized by a Unitholder may generally be deducted only from taxable capital gains in accordance with the provisions of the Tax Act. Allowable capital losses in excess of taxable capital gains in a particular year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years, to the extent permitted in the Tax Act.

A Unitholder that is a "Canadian controlled private corporation" (as defined in the Tax Act) may be liable to pay an additional refundable tax of 6 $\frac{2}{3}$ % on certain investment income, including amounts of interest and taxable capital gains.

In general terms, net income of Calloway paid or payable to a Unitholder who is an individual or a trust (other than certain specified trusts) that is designated as taxable dividends or net realized capital gains and capital gains realized on the disposition of Units may increase the Unitholder's liability for alternative minimum tax.

## **SIFT Rules**

The Tax Act contains rules (the “**SIFT Rules**”) applicable to certain publicly listed trusts or partnerships (“**SIFTS**”) and their investors, which generally tax the SIFT at a rate similar to a taxable Canadian corporation on income from business carried on in Canada and on income (other than taxable dividends) or capital gains from non-portfolio properties (as defined in the Tax Act) and the distribution of such income to Unitholders is generally treated as dividends received from a taxable Canadian corporation. In general, distributions paid as returns of capital will not be subject to this tax. The SIFT Rules are applicable beginning in 2007, except for a trust that would have been a “SIFT trust” (as defined in the Tax Act) on October 31, 2006 if the definition had been in force and applied to the trust on that date (the “**Existing Trust Exemption**”). For trusts that meet the Existing Trust Exemption, the SIFT Rules will apply commencing in the 2011 taxation year, assuming compliance with the “normal growth” guidelines issued by the Department of Finance (Canada) on December 15, 2006, as amended from time to time (the “**Normal Growth Guidelines**”). The SIFT Rules are not applicable to a real estate investment trust that meets certain specified criteria relating to the nature of its revenue and investments (the “**REIT Exemption**”). Management of Calloway believes that Calloway has not exceeded the Normal Growth Guidelines and that Calloway is not currently subject to tax under the SIFT Rules. Management also believes that Calloway, as currently structured, does not qualify for the REIT Exemption, with the result that the SIFT Rules will apply to Calloway commencing in 2011. It is Calloway’s current intention to restructure its business affairs and/or discontinue certain of its activities, if necessary, prior to January 1, 2011, in order to qualify for the REIT Exemption. However, no assurance can be given that Calloway will qualify for the REIT Exemption.

## **RISK FACTORS**

There are risks associated with an investment in the Units being distributed under the Offering. In addition to the risks described herein, reference is made to the risks described in the Short Form Prospectus including Calloway’s most recent annual information form and management’s discussion and analysis which are incorporated herein and therein by reference. See “Documents Incorporated by Reference”.

### **Stability Ratings**

DBRS Limited (“**DBRS**”) provides stability ratings for real estate investment trusts (“**REITs**”) and income trusts. A stability rating generally provides an indication of both the stability and sustainability of the distributions to unitholders by the rated entity. DBRS’s rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). The assignment of a “(high)”, “(middle)” or “(low)” modifier within each rating category indicates relative standing within such category. DBRS has provided Calloway with a stability rating of STA-3 (high), the third highest ranking within the classification system. This rating category reflects good stability and sustainability of distributions per unit, but performance may be more sensitive to economic factors, have greater cyclical tendencies, and may not be as well diversified as a higher ranking income fund, resulting in some potential for distributions per unit to fluctuate. The ratings accorded to Calloway are not recommendations to purchase, hold or sell Calloway’s securities. There can be no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised by a rating agency at any time. Real or anticipated changes in the stability rating on the outstanding Units may affect the market value of the Units.

### **Dilution**

While the net proceeds of the Offering are expected to enhance Calloway’s liquidity, to the extent that a portion of the net proceeds of the Offering remains as cash, or is used to pay down indebtedness with a low interest rate, the Offering is expected to result in dilution, on a per Unit basis, to Calloway’s net income and other measures used by Calloway.

### **Application of SIFT Rules**

No assurance can be given that Canadian federal income tax law respecting the taxation of income trusts and other flow-through entities will not be changed in a manner that adversely affects Calloway.

Management has advised counsel that the total amount of all previous equity issuances and all currently contemplated issuances, determined in accordance with the Normal Growth Guidelines, should not cause Calloway to exceed its available growth for the period from November 1, 2006 to date. Management believes that Calloway is not currently subject to tax under the SIFT Rules. However, in the event that Calloway issues additional units or convertible debentures (or other equity securities) prior to 2011, Calloway may become subject to the SIFT Rules prior to its 2011 taxation year. No assurance can be given that the SIFT Rules will not apply to Calloway prior to its 2011 taxation year.

Calloway currently intends to qualify for the REIT Exemption prior to 2011. In order to so qualify, Calloway may need to restructure its business affairs and/or discontinue certain of its activities. If Calloway were not to so qualify for the REIT Exemption, it will be subject to the SIFT Rules in 2011 (subject to compliance with the Normal Growth Guidelines). The application of tax under the SIFT Rules would have an impact on the cash distributions that would otherwise be made by Calloway and the taxation of such distributions to Unitholders.

#### **AUDITORS, TRANSFER AGENT AND REGISTRAR**

#### **PURCHASERS' STATUTORY RIGHTS**

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.
