Calloway Real Estate Investment Trust ("**Calloway**") is an unincorporated "open-end" trust constituted in accordance with the laws of the Province of Alberta, pursuant to a declaration of trust that was most recently amended and restated as of May 16, 2006 (the "**Declaration of Trust**"). Calloway was created to invest in income-producing rental properties. The principal and head office of Calloway is located at 700 Applewood Crescent, Suite 200, Vaughan, Ontario L4K 5X3.

Calloway may from time to time during the 25-month period that this short form base shelf prospectus (the "**Prospectus**"), including any amendments hereto, remains valid, offer for sale and issue trust units of Calloway ("**Units**"), subscription receipts ("**Subscription Receipts**"), warrants ("**Warrants**"), and debt securities, which may consist of debentures, notes or other types of debt and may be issuable in series (the "**Debt Securities**" and together with the Units, Subscription Receipts and Warrants, the "**Trust Securities**"). Calloway may sell up to \$2,000,000,000 in the aggregate of initial offering price of Trust Securities (or its equivalent in any other currency used to denominate the Trust Securities at the time of the offering) at any time. The Trust Securities may be sold from time to time in one or more transactions at a fixed price or prices (which may be changed) or at market prices prevailing at the time of sale, at prices determined by reference to such prevailing market prices or at negotiated prices.

The specific terms of any Trust Securities offered will be described in one or more shelf prospectus supplements (collectively or individually, as the case may be, a "**Prospectus Supplement**"), including, where applicable: (i) in the case of Units, the number of Units being offered, the offering price and any other specific terms; (ii) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the procedures for the exchange of the Subscription Receipts for Units and/or Warrants and any other specific terms; (iii) in the case of Warrants, the number of such Warrants offered, the offering price, the terms, conditions and procedures for the exercise of such Warrants into or for Units and any other specific terms; and (iv) in the case of Debt Securities, the specific designation, the aggregate principal amount being offered, the denominations, the currency, the issue and delivery date, the maturity date, the issue price (or the manner of determination thereof if offered on a non-fixed price basis), the interest rate (either fixed or floating, and, if floating, the manner of calculation thereof), the interest payment date(s), the redemption, the exchange or conversion provisions (if any), the repayment terms, the form (either global or definitive), the authorized denominations and any other specific terms. A Prospectus Supplement may include specific variable terms pertaining to the Trust Securities that are not within the alternatives and parameters described in this Prospectus.

All shelf information permitted under applicable laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Trust Securities to which the Prospectus Supplement pertains.

Calloway may sell the Trust Securities to or through underwriters or dealers purchasing as principals, and may also sell the Trust Securities directly to one or more purchasers pursuant to applicable statutory exemptions or through agents. The Prospectus Supplement relating to a particular offering of Trust Securities will identify each underwriter, dealer or agent, as the case may be, engaged by Calloway in connection with the offering and sale of the Trust Securities, and will set forth the terms of the offering of such Trust Securities, including the method of distribution of such Trust Securities, the proceeds to Calloway and any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms of the plan of distribution. **In connection with any offering of Trust Securities, the underwriters, dealers or agents, as the case may be, may over allot or effect transactions which stabilize or maintain the market price of the Trust Securities at a level above that which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time. See “Plan of Distribution”.**

The Units, 6.0% convertible unsecured subordinated debentures (the “**6.0% Debentures**”) and 6.65% convertible unsecured subordinated debentures (the “**6.65% Debentures**”) of Calloway are listed on the Toronto Stock Exchange (the “**TSX**”) under the symbols “CWT.UN”, “CWT.DB,” and “CWT.DB.A”, respectively. As at October 8, 2009, the trading price for the Units, 6.0% Debentures and 6.65% Debentures was \$17.82, \$106.23 and \$101.50, respectively. **Each series or issue of Subscription Receipts, Warrants, or Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to an issue of Subscription Receipts, Warrants, or Debt Securities, the Subscription Receipts, Warrants, and Debt Securities will not be listed on any securities or stock exchange. Accordingly, unless so specified, there will be no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this Prospectus. This may affect the pricing of the securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities and the extent of issuer regulation. See “Risk Factors”.**

A return on an investment in Units of Calloway is not comparable to the return on an investment in a fixed-income security. The recovery of an investment in Units is at risk, and any anticipated return on an investment in Units is based on many performance assumptions. Although Calloway intends to make distributions of a significant percentage of its available cash to its Unitholders in accordance with its distribution policies, these cash distributions are not assured and may be reduced or suspended. The ability of Calloway to make cash distributions and the actual amount distributed will be dependant upon, among other things, the financial performance of the properties in its property portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Units may decline for a variety of reasons including if Calloway is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for a person making an investment in Units of Calloway to consider the particular risk factors that may affect both Calloway and the real estate industry in which Calloway operates and which may therefore affect the stability of the cash distributions on the Units of Calloway. See the section entitled “Risk Factors” in Calloway’s annual information form dated February 25, 2009 (the “**AIF**”), which document is incorporated herein by reference, which describes Calloway’s assessment of those risk factors as well as the potential consequences to a Unitholder if a risk should occur. See “Risk Factors”.

The after-tax return from an investment in Units to Unitholders that is subject to Canadian income tax can be made up of both a “return on” and a “return of” capital. That composition may change over time, thus affecting a Unitholder’s after-tax return. Returns on capital are generally taxed as ordinary income or capital gains in the hands of a Unitholder while returns of capital are generally tax-deferred (and reduce the Unitholder’s cost base in the unit for tax purposes). Distributions of income and returns of capital to a Unitholder who is not resident in Canada for purposes of the *Income Tax Act* (Canada) (the “**Tax Act**”) or is a partnership that is not a “Canadian partnership” for purposes of the Tax Act may be subject to Canadian withholding tax. Prospective Unitholders should consult their own tax advisors with respect to the Canadian income tax considerations in their own circumstances.

Dominion Bond Rating Service Limited (“**DBRS**”) has provided Calloway with a stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit. DBRS has also provided Calloway with a credit rating of BBB with a stable trend relating to all senior unsecured obligations of Calloway. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS. See “Ratings”.

Calloway is not a trust company and is not registered under applicable legislation governing trust companies as it does not carry on or intend to carry on the business of a trust company. Calloway qualifies as a mutual fund trust for the purposes of the Tax Act and offers and sells its Units to the public. Units are not “deposits” within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that act or any other legislation.

CALLOWAY

Calloway's mission is to provide Unitholders with stable and growing tax deferred cash distributions by providing a value-oriented family shopping experience through the acquisition, development and operation of a portfolio of well-located, well-leased, primarily large format retail centres; and enhancing the value through effective management, leasing and re-development of its assets, and effective control of long-term cost of capital.

To the extent that opportunities exist, and to the extent that management and the Board of Trustees of Calloway believe such opportunities are beneficial to Unitholders, Calloway will continue to invest primarily in large format, unenclosed retail rental properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and continue to build a geographically diversified portfolio of such properties.

USE OF PROCEEDS

The use of proceeds from the sale of Trust Securities will be described in a Prospectus Supplement relating to a specific issuance of Trust Securities. Among other potential uses, Calloway may use the net proceeds from the sale of Trust Securities to repay indebtedness outstanding from time to time, to fund the purchase of real property and other investments as permitted by the Declaration of Trust, for capital expenditures and for other general purposes.

EARNINGS COVERAGE RATIOS

Earnings coverage ratios will be provided as required in the applicable Prospectus Supplement(s) with respect to the issuance of Debt Securities pursuant to this Prospectus.

DESCRIPTION OF TRUST SECURITIES

The following is a summary of the material attributes and characteristics of the Trust Securities. This summary does not purport to be complete.

The Units may be offered separately or together with Subscription Receipts, Warrants, or Debt Securities, as the case may be.

An unlimited number of Units may be created and issued pursuant to the Declaration of Trust. Each Unit represents an equal fractional undivided beneficial interest in any distributions from Calloway, and in any net assets of Calloway in the event of termination or winding-up of Calloway. All Units are of the same class with equal rights and privileges. Each Unit is transferable, entitles the holder thereof to participate equally in distributions, including the distributions of net income and net realized capital gains of Calloway and distributions on liquidation, is fully paid and non-assessable and entitles the holder thereof to one vote at all meetings of Unitholders for each Unit held.

RATINGS ON SECURITIES

Dominion Bond Rating Service Limited (“**DBRS**”) provides stability ratings for real estate investment trusts (“**REITs**”) and income trusts. A stability rating generally provides an indication of both the stability and sustainability of REITs’ and income trusts’ distributions to unitholders. DBRS’s rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). Calloway has a DBRS stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit.

DBRS also provides credit ratings of debt securities for commercial entities. A credit rating generally provides an indication of the risk that the borrower will not fulfill its full obligations in a timely manner with respect to both interest and principal commitments. Rating categories range from highest credit quality (generally AAA) to very highly speculative (generally C). DBRS has provided Calloway with a credit rating of BBB with a stable trend relating to all general unsecured obligations of Calloway. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS, where protection of interest and principal is considered acceptable but the issuing entity is susceptible to adverse changes in financial and economic conditions, or there may be other adverse conditions present which reduce the strength of the entity and its rated securities.

The DBRS ratings accorded to Calloway’s securities are not recommendations to purchase, hold or sell such securities. There can be no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised by a rating agency at any time.

the Trust Securities, and will set forth the terms of the offering of such Trust Securities, including the method of distribution of such Trust Securities, the proceeds to Calloway and any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms of the plan of distribution.

Any public offering price and any discounts, concessions or omissions allowed or reallocated or paid to underwriters or dealers may be changed from time to time.

The Units, 6.0% Debentures and 6.65% Debentures of Calloway are listed on the TSX under the symbols “CWT.UN”, “CWT.DB,” and “CWT.DB.A”, respectively. Each series or issue of Subscription Receipts, Warrants, or Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to an issue of Subscription Receipts, Warrants, or Debt Securities, the Subscription Receipts, Warrants, and Debt Securities will not be listed on any securities or stock exchange. Accordingly, unless so specified, there will be no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this Prospectus. This may affect the pricing of the securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities and the extent of issuer regulation. See “Risk Factors”.

In connection with any offering of Trust Securities, the underwriters may over-allot or effect transactions that stabilize or maintain the market price of the Trust Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. Any underwriters or agents to or through whom Trust Securities are sold by Calloway may make a market in the Trust Securities, but they will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that a trading market in any of the Trust Securities will develop or as to the liquidity of any trading market for the Trust Securities.

Underwriters, dealers and agents who participate in the distribution of the Trust Securities may be entitled under agreements to be entered into with Calloway to indemnification by Calloway against certain liabilities including liabilities under securities legislation, or to contribution with respect to payments that they may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for Calloway in the ordinary course of business.

The Trust Securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”) or any state securities laws. Accordingly, except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws, the Trust Securities may not be offered, sold or delivered within the United States, and each underwriter or agent for any offering of Trust Securities will agree that it will not offer, sell or deliver the Trust Securities within the United States except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of an offering of Trust Securities, an offer or sale of such Trust Securities within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the U.S. Securities Act.

RISK FACTORS

Prospective investors in a particular offering of the Trust Securities should carefully consider, in addition to information contained in the Prospectus Supplement relating to that offering and the information incorporated by reference herein, the risks described in Calloway's AIF and management's discussion and analysis which are incorporated by reference herein as at the date of the Prospectus Supplement relating to the particular offering of the Trust Securities.

Tax Rules for Income Trusts

Pursuant to the recent amendments to the Tax Act, the taxation regime applicable to specified investment flow-through trusts or partnerships ("SIFTs") and investors in SIFTs has been altered. If Calloway were to become subject to these new rules (the "SIFT Rules"), it generally would be taxed in a manner similar to corporations on income from business carried on in Canada by Calloway and on income (other than taxable dividends) or capital gains from non-portfolio properties (as defined in the Tax Act), at a combined federal/provincial tax rate similar to that of a corporation. In general, distributions paid as returns of capital will not be subject to this tax. The SIFT Rules are applicable beginning with the 2007 taxation year of a trust unless the trust would have been a "SIFT trust" (as defined in the Tax Act) on October 31, 2006 if the definition had been in force and applied to the trust on that date (the "Existing Trust Exemption"). For trusts that meet the Existing Trust Exemption, including Calloway, the SIFT Rules will apply commencing in the 2011 taxation year, assuming compliance with the "normal growth" guidelines issued by the Department of Finance (Canada) on December 15, 2006, as amended from time to time (the "Normal Growth Guidelines"). The SIFT Rules are not applicable to a real estate investment trust that meets certain specified criteria relating to the nature of its revenue and investments (the "REIT Exemption"). Calloway intends to qualify for the REIT Exemption prior to 2011.

No assurance can be given that Canadian federal income tax law respecting the taxation of income trusts and other flow-through entities will not be further changed in a manner that adversely affects Calloway.

Management has advised counsel that the total amount of all previous equity issuances and all currently contemplated issuances, determined in accordance with the Normal Growth Guidelines, should not cause Calloway to exceed its available growth for the period from November 1, 2006 to date. It is assumed that Calloway will not currently be subject to the SIFT Rules. However, in the event that Calloway issues additional units or convertible debentures (or other equity securities) on or before 2011, Calloway may become subject to the SIFT Rules prior to its 2011 taxation year. No assurance can be given that the SIFT Rules will not apply to Calloway prior to its 2011 taxation year.

Calloway currently intends to qualify for the REIT Exemption prior to 2011. In order to so qualify, Calloway may need to discontinue or reorganize certain of its activities. If Calloway were not to qualify for the REIT Exemption, it will be subject to the SIFT Rules in 2011 (subject to compliance with the Normal Growth Guidelines).
