Such forward looking statements contained directly in this prospectus supplement reflect management’s current beliefs and are based on information currently available to management.

RECENT DEVELOPMENTS

On September 13, 2010 Calloway announced that it had closed the acquisition of two new, unenclosed, large-scale, Walmart-anchored shopping centres, totalling 730,000 square feet, for a purchase price of approximately \$131 million, including transaction costs.

On September 22, 2010, Calloway announced that it had entered into an agreement to issue 4,120,000 units at a price of \$24.30 per unit on a bought deal basis (the “**Equity Offering**”).

On September 23, 2010, Calloway announced that it had also entered into an agreement with respect to this offering.

On September 23, 2010, Calloway also announced that it had given notice of its intention to exercise its right to redeem all of its outstanding 10.25% series C senior unsecured debentures. The redemption date will be October 25, 2010 and the aggregate redemption price will be approximately \$181,438,000, inclusive of approximately \$31,438,000 in yield maintenance and accrued interest.

ELIGIBILITY FOR INVESTMENT

In the opinion of Shea Nerland Calnan LLP, counsel to Calloway, and McCarthy Tétrault LLP, counsel to the Underwriters, on the date of this prospectus supplement, the Debentures, if issued on the date of this prospectus supplement, will not be a prohibited investment for a registered pension plan under the *Income Tax Act* (Canada) (the “**Tax Act**”) other than a plan for which Calloway, or a person who is connected with, controlled directly or indirectly in any manner by or that does not deal at arm’s length with Calloway, is the employer. Provided that Calloway is a mutual fund trust under the Tax Act and its units are listed on a designated stock exchange in Canada (which includes the TSX), the Debentures will be qualified investments under the Tax Act and the regulations thereunder (the “**Regulations**”) for a trust governed by a registered retirement savings plan, a registered retirement income fund, a registered education savings plan, a registered disability savings plan, a tax free savings account or a deferred profit sharing plan (collectively, the “**Plans**”).

Notwithstanding the foregoing, if the Debentures are “prohibited investments” for a tax-free savings account (“**TFSA**”), the holder of the TFSA will be subject to a penalty tax as set out in the Tax Act. A “prohibited investment” includes a debt of a trust which does not deal at arm’s length with the holder of the TFSA, or in which the holder has a significant interest, which in general terms means the ownership of 10% or more of the value of the trust’s outstanding units by the holder, either alone or together with persons and partnerships with whom the holder does not deal at arm’s length. Holders of TFSAs should consult with their tax advisors in this regard.

RATINGS ON SECURITIES

Dominion Bond Rating Service Limited (“**DBRS**”) provides credit ratings of debt securities for commercial entities. A credit rating generally provides an indication of the risk that the borrower will not fulfill its full obligations in a timely manner with respect to both interest and principal commitments. Rating categories range from highest credit quality (generally AAA) to very highly speculative (generally C). DBRS has provided Calloway with a credit rating of BBB with a stable trend relating to all senior unsecured obligations of Calloway including (i) Calloway’s series B senior unsecured debentures due October 12, 2016 bearing interest at an annual rate of 5.37% per annum (the “**5.37% Debentures**”), (ii) Calloway’s series C senior unsecured debentures due April 14, 2014 bearing interest at an annual rate of 10.25% per annum (the “**10.25% Debentures**”), (iii) Calloway’s series D senior unsecured debentures due June 30, 2014 bearing interest at an annual rate of 7.95% per annum (the “**7.95% Debentures**”) and (iv) Calloway’s series E senior unsecured debentures due June 4, 2015 bearing interest at an annual rate of 5.10% per annum (the “**5.10% Debentures**”) and a preliminary credit rating of BBB with a stable trend on the Debentures. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS.

DBRS also provides stability ratings for real estate investment trusts (“**REITs**”) and income trusts. A stability rating generally provides an indication of both the stability and sustainability of the distributions to unitholders by the rated entity. DBRS’s rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). DBRS has provided Calloway with a stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit.

DBRS has not provided a credit rating on (i) the convertible unsecured subordinated debentures of Calloway due June 30, 2017 bearing an interest at an annual rate of 5.75% per annum (the “**5.75% Convertible Debentures**”) or (ii) the convertible unsecured subordinated debentures of Calloway due June 30, 2013 bearing interest at an annual rate of 6.65% per annum (the “**6.65% Convertible Debentures**”).

The ratings accorded to Calloway are not recommendations to purchase, hold or sell Calloway’s securities. There can be no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised by a rating agency at any time.

INTEREST AND EARNINGS COVERAGES

The Series F Trust Indenture (as defined under “Details of the Offering - Definitions”) will contain a covenant that Calloway will maintain a ratio of Consolidated EBITDA to Consolidated Interest Expense of not less than 1.65 to 1. The calculation of such interest coverage ratio will be based on the defined terms of Consolidated EBITDA and Consolidated Interest Expense to be contained in the Series F Trust Indenture (see “Details of the Offering-Definitions” and “Details of the Offering – Certain Covenants re Debentures – Consolidated EBITDA to Consolidated Interest Expense Ratio”). This interest coverage ratio differs from the earnings coverage ratio required to be calculated under applicable Canadian securities law disclosure requirements. Such securities law disclosure requires the calculation to be based upon earnings and, as described in Note 1 to the table below under “Earnings Coverage Ratios”, includes a full 12 months of interest expense on indebtedness incurred subsequent to the respective calculation periods as if the indebtedness was incurred at the beginning of the calculation period but gives no credit to income derived from the associated use of proceeds other than interest savings on the repayment, redemption or retirement of other indebtedness. The interest coverage ratio calculated in accordance with the terms of the Trust Indenture for the 12 month period ended June 30, 2010 gives pro forma effect to the issuance of the Debentures and to acquisitions and dispositions of income producing assets, debt incurred and debt retired during or subsequent to the calculation period and the associated annual income therefrom as if these transactions occurred at the beginning of the calculation period. These coverage ratios are set out below. The first coverage ratio (under “Interest Coverage Ratio”) has been calculated using the methodology that will be prescribed by the Series F Trust Indenture. The second coverage ratios (under “Earnings Coverage Ratios”) have been calculated using the methodology prescribed under applicable Canadian securities law.

Interest Coverage Ratio

The interest coverage ratio for Calloway for the 12 month period ended June 30, 2010 (including pro forma adjustments as required under the Series F Trust Indenture), being Calloway’s ratio of Consolidated EBITDA to Consolidated Interest Expense calculated in accordance with the terms of the Series F Trust Indenture, is approximately 1.95.

The following table sets out the pro forma interest coverage ratio discussed above.

**Pro forma for the 12 months ended
June 30, 2010**

Interest Expense (\$)	151,918,000
Capitalized Interest (\$)	16,559,000
Denominator - Consolidated Interest Expense (\$)	168,477,000
Net Income (\$)	48,730,000

Numerator – Consolidated EBITDA (\$)	328,039,000
Interest Coverage Ratio⁽²⁾	1.95

Note:

- (1) Calloway is taxed as a mutual fund trust for income tax purposes. Calloway intends to distribute all taxable income directly earned by Calloway directly to unitholders and to deduct such distributions for income tax purposes.
- (2) The interest coverage ratio does not include the proceeds of the Equity Offering which will be used by Calloway to repay the balance of the 10.25% series C senior unsecured debentures. The pro forma interest coverage assuming full repayment of the 10.25% series C senior unsecured debentures is 2.03.

Earnings Coverage Ratios

After (i) giving pro forma effect to the issuances of long-term debt and other changes in indebtedness subsequent to the respective calculation periods as if the issuances and changes had occurred at the beginning of the respective calculation periods, and all servicing costs that have been, or are expected to be, incurred in connection therewith, and (ii) after giving effect to this offering and assuming the retirement of a portion of the 10.25% Series C unsecured debentures (the “**Pro Forma Adjustments**”), Calloway’s pro forma interest requirements for the 12 months ended December 31, 2009 and the 12 months ended June 30, 2010 was \$153,669,000 and \$158,733,000, respectively, and its net income before deducting interest and income taxes for such periods was \$163,391,000 and \$181,998,000, respectively, being approximately 1.06 and 1.15 times Calloway’s pro forma interest requirements for such periods, respectively.

The following table sets out the pro forma earnings coverage ratios discussed above.

	Pro forma for the 12 months ended December 31, 2009⁽¹⁾	Pro forma for the 12 months ended June 30, 2010⁽¹⁾

Notes:

- (1) Includes a full 12 months of pro forma interest expense on indebtedness incurred subsequent to the end of the calculation period as if the indebtedness was incurred at the beginning of the calculation period but gives no credit to income derived from the associated use of proceeds other than interest savings on the repayment, redemption or retirement of other indebtedness.
- (2) Calloway is taxed as a mutual fund trust for income tax purposes. Calloway intends to distribute all taxable income directly earned by Calloway directly to unitholders and to deduct such distributions for income tax purposes.
- (3) The earnings coverage ratios do not include the proceeds of the Equity Offering which will be used by Calloway to repay the balance of the 10.25% series C senior unsecured debentures. The pro forma earnings coverage ratios assuming full repayment of the 10.25% series C senior unsecured debentures for the 12 months ended December 31, 2009 and the 12 months ended June 30, 2010 is 1.10 and 1.20, respectively.

CONSOLIDATED CAPITALIZATION

In this prospectus supplement, “**Exchangeable Securities**” means any securities of any trust, limited partnership or corporation other than Calloway that are convertible or exchangeable directly for trust units (“**Units**”) of Calloway without the payment of additional consideration therefor.

As at June 30, 2010, the end of its most recently completed financial period, Calloway had 85,428,746 Units and 16,375,431 Exchangeable Securities issued and outstanding. From June 30, 2010 to the date of this prospectus supplement, 7,344,279 Units and 484,228 Exchangeable Securities have been issued by Calloway or one of its subsidiaries, either: (i) as partial consideration for acquisitions; (ii) pursuant to the incentive deferred unit plan established for Calloway’s trustees, officers and employees; (iii) through Calloway’s distribution reinvestment plan; (iv) through Calloway’s at-the-market distribution program; (v) pursuant to Calloway’s August 2010 equity offering; or (vi) upon the exercise of previously outstanding convertible securities. As such, as at the date of this prospectus supplement, Calloway had 92,773,025 Units and 16,859,659 Exchangeable Securities outstanding for a total of 109,632,684 Units and Exchangeable Securities in aggregate. As at the date of this prospectus supplement and assuming completion of the Equity Offering, Calloway will have 96,893,025 Units and 16,859,659 Exchangeable Securities outstanding (97,511,025 Units and 16,859,659 Exchangeable Securities outstanding assuming the over-allotment option associated with the Equity Offering is exercised in full) for a total of 113,752,684 Units and Exchangeable Securities in aggregate (for a total of 114,370,684 Units and Exchangeable Securities in aggregate assuming the over-allotment option associated with the Equity Offering is exercised in full).

As at June 30, 2010, the indebtedness of Calloway, consisting of mortgages payable, development loans, unsecured debentures, convertible debentures and revolving operating facilities was approximately \$2,754,404,000. Since that time, the net indebtedness of Calloway has decreased by approximately \$27,434,000 including a decrease of approximately \$62,903,000 to repay a portion of indebtedness and a decrease of approximately \$12,525,000 to repay the scheduled amortization of mortgages payable, offset by an increase of approximately \$47,994,000 in connection with financing, acquisition and development activities. As a result of this offering, the indebtedness of Calloway will increase by a further \$98,100,000 (net of anticipated costs). However, of the net proceeds of this offering and the Equity Offering, it is currently anticipated that approximately \$181,438,000 will be used by Calloway to repay a portion of its indebtedness, inclusive of \$31,438,000 in yield maintenance and accrued interest and exclusive of unamortized costs of \$900,000. Therefore, Calloway anticipates that the net indebtedness of Calloway following this offering and the Equity Offering will decrease by approximately \$51,000,000. See “Use of Proceeds”.

The terms of the Debentures will be set out in the Series F Trust Indenture. The following is a summary of the material terms of the Debentures which does not purport to be complete. “Consolidated Interest Expense” of Calloway for any period means the aggregate amount of interest expense of Calloway in respect of Indebtedness, Capital Lease Obligations, the original issue discount of any Indebtedness issued at a price less than the face amount thereof paid, accrued or scheduled to be paid or accrued by Calloway during such period and, to the extent interest has been capitalized on projects that are under development or held for future development during the period, the amount of interest so capitalized, all as determined on a consolidated basis in accordance with Generally Accepted Accounting Principles (provided that, notwithstanding its presentation under Generally Accepted Accounting Principles, all interest expense of Calloway in respect of convertible debt Indebtedness will be included (without duplication) in determining Consolidated Interest Expense).

“Consolidated Net Income” of Calloway for any period means the net income (loss) of Calloway for such period determined on a consolidated basis in accordance with Generally Accepted Accounting Principles, excluding (i) any gain or loss (net of any tax impact) attributable to the sale or other disposition of any asset of Calloway, other than the sale or disposition of income properties specifically acquired and held for resale, (ii) any extraordinary gains and losses of Calloway, determined on a consolidated basis in accordance with Generally Accepted Accounting Principles and (iii) other nonrecurring items.

“Debt Securities” means unsecured debt securities of Calloway issued from time to time pursuant to the Trust Indenture;

“Extraordinary Resolution” means, for any series of Debt Securities, instruments in writing signed by the holders of not less than 66⅔% (or 75% in certain events as described under “Modification and Waiver”) of the aggregate outstanding principal amount of such series of Debt Securities or a resolution passed as an Extraordinary Resolution by the affirmative vote of the holders of not less than 66⅔% (or 75% in certain events as described under “Modification and Waiver”) of the aggregate outstanding principal amount of such series of Debt Securities represented and voting at a meeting of holders of such series of Debt Securities duly convened and held in accordance with the Trust Indenture, all upon compliance with the procedures specified in the Trust Indenture.

“Generally Accepted Accounting Principles” means, as at any date of determination, generally accepted accounting principles in effect in Canada as of the date of the Series F Trust Indenture.

“Indebtedness” of any person means (without duplication), on a consolidated basis, (i) any obligation of such person for borrowed money (including, for greater certainty, the full principal amount of convertible debt, notwithstanding its presentation under Generally Accepted Accounting Principles), (ii) any obligation of such person incurred in connection with the acquisition of property, assets or businesses, (iii) any obligation of such person issued or assumed as the deferred purchase price of property, (iv) any Capital Lease Obligation of such person, and (v) any obligations of the type referred to in clauses (i) through (iv) of another person, the payment of which such person has guaranteed or for which such person is responsible or liable; provided that, for the purpose of clauses (i) through (v) (except in respect of convertible debt, as described above), an obligation will constitute Indebtedness only to the extent that it would appear as a liability on the consolidated balance sheet of such person in accordance with Generally Accepted Accounting Principles. Obligations referred to in clauses (i) through (iii) exclude (i) trade accounts payable, (ii) distributions payable to unitholders of Calloway, (iii) accrued liabilities arising in the ordinary course of business which are not overdue or which are being contested in good faith, (iv) indebtedness with respect to the unpaid balance of installment receipts, where such indebtedness has a term not in excess of 12 months, (v) intangible liabilities and (vi) deferred revenues, all of which will be deemed not to be Indebtedness for the purposes of this definition.

“Non-Recourse Indebtedness” means any Indebtedness of a Subsidiary of Calloway which is a single purpose company or whose principal assets and business are constituted by a particular project and pursuant to the terms of which Indebtedness payment is to be made from the revenues arising out of such project with recourse for such payment being available only to the revenues or the assets of such single purpose company or the project.

“Subsidiary” of any Person has the meaning attributed to it in the Ontario Securities Commission Rule 45-501 as in effect on the date hereof.

General

The Debentures will be issued in \$1,000 denominations and will be dated October 1, 2010, will bear interest at the rate of 5.00% per annum, payable in semi-annual installments (except for the first interest payment) on February 1 and August 1 in each year, with the first payment of interest due on February 1, 2011 and will mature on February 1, 2019. The first interest payment will be \$16.85 per \$1,000 and thereafter the equal semi-annual interest payments will be in an amount equal to \$25.00 per \$1,000 principal amount.

The Debentures will be direct senior unsecured obligations of Calloway and will rank equally and rateably with one another and with all other unsecured and unsubordinated Indebtedness of Calloway except for sinking fund provisions (if any) applicable to different series of Debt Securities or other obligations of Calloway, except to the extent prescribed by law.

Guarantee

The Debentures will be guaranteed by the wholly-owned Material Subsidiaries of Calloway and certain of the wholly-owned corporate Subsidiaries. All such current and future Material Subsidiaries will provide a guarantee of the Debentures. In the case of default by Calloway, the Indenture Trustee will, subject to the Series F Trust

Indenture, seek redress from such Subsidiaries for the guaranteed obligations. These guarantees are intended to eliminate structural subordination, which arises as a consequence of certain Calloway assets being held in various Subsidiaries. A guarantor may be released from its guarantee in certain circumstances where it no longer remains a majority-owned Subsidiary of Calloway. The financial results of the guarantors are included in the consolidated financial results of Calloway, which are incorporated by reference in this prospectus supplement. See “Risk Factors – Structural Subordination of Debentures”.

Redemption by Calloway

At its option, Calloway may redeem the Debentures, in whole or in part, at any time and from time to time, on payment of a redemption price equal to the greater of (i) the Canada Yield Price and (ii) par, together in each case with accrued and unpaid interest to the date fixed for redemption. Calloway will give notice of redemption at least 30 days but not more than 60 days before the date fixed for redemption. Where less than all of the Debentures are to be redeemed pursuant to their terms, the Debentures to be so redeemed will be redeemed on a *pro rata* basis according to the principal amount of Debentures registered in the respective name of each holder of Debentures or in such other manner as the Indenture Trustee may consider equitable.

For the purposes of the foregoing provisions, the following terms will be defined in the Series F Trust Indenture substantially as follows:

“**Canada Yield Price**” means a price equal to the price of the Debentures calculated to provide a yield to maturity, compounded semi-annually and calculated in accordance with generally accepted financial practice, equal to the Government of Canada Yield calculated at 10:00 a.m. (Toronto time) on the date on which Calloway gives notice of redemption of the Debentures pursuant to the Trust Indenture plus 0.58%

“**Government of Canada Yield**” on any date means the yield to maturity on such date, compounded semi-annually and calculated in accordance with generally accepted financial practice, which a non-callable Government of Canada bond would carry if issued, in Canadian dollars in Canada, at 100% of its principal amount on such date with a term to maturity equal to the remaining term to maturity of the Debentures, calculated as of the redemption date of the Debentures, such yield to maturity being the average of the yields provided by two major Canadian investment dealers selected by Calloway.

Purchase of Debt Securities

Calloway may at any time and from time to time purchase the Debentures in the market (which will include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract at any price. Debt Securities that are so purchased will be cancelled and will not be reissued or resold.

Certain Trust Indenture Covenants

The Series F Trust Indenture will contain covenants substantially to the following effect in favour of holders of the Debt Securities (including the Debentures).

Maintenance of Properties

Calloway will maintain and keep or cause to be maintained and kept in good condition, repair and working order all of the properties owned by it or any of its Subsidiaries used in its business or in the business of any of its Subsidiaries. Calloway will make or cause to be made all necessary repairs and renewals to and replacements and improvements of these properties as in its judgment may be necessary to carry on its business properly and prudently. Notwithstanding the foregoing, Calloway and its Subsidiaries will not be prohibited from selling or transferring their properties in the ordinary course of business.

Insurance

Calloway will maintain and will cause its Subsidiaries to maintain such property and liability insurance as would be maintained by a prudent owner.

Restrictions on Consolidations and Mergers

Calloway may not consolidate with, amalgamate or merge with or into or sell, assign, transfer or lease all or substantially all of its properties and assets unless:

- i) the entity formed by such consolidation or amalgamation or into which Calloway is merged or the entity which acquires by operation of law or by conveyance or by transfer the assets of Calloway substantially as an entirety is a corporation or unincorporated organization organized or existing under the laws of Canada or any province or territory thereof and (except where such assumption is deemed to have occurred solely by the operation of law) such entity assumes under a supplemental indenture all the obligations of Calloway under the Trust Indenture, any supplemental indenture and the Debt Securities and such transaction to the satisfaction of the Indenture Trustee and in the opinion of counsel will be on such terms to preserve and not impair any of the rights and powers of the Indenture Trustee and the holders of Debt Securities;
- ii) immediately before and immediately after giving effect to such transaction, no Event of Default (as defined in the Trust Indenture) has occurred and is continuing; and
- iii) immediately after giving effect to such transaction, the surviving entity could incur at least \$1.00 of additional Indebtedness.

Certain Covenants Regarding Debentures

The Series F Trust Indenture will contain covenants substantially to the following effect in favour of the holders of the Debentures.

Consolidated EBITDA to Consolidated Interest Expense Ratio

Calloway will maintain a ratio of Consolidated EBITDA to Consolidated Interest Expense (including pro forma adjustments as required under the Series F Trust Indenture) of not less than 1.65 to 1.

Restrictions on Additional Indebtedness

Calloway will not incur or assume, or permit any Subsidiary to incur or assume, any Indebtedness unless the quotient (expressed as a percentage) obtained by dividing Consolidated Indebtedness by Aggregate Assets, calculated on a pro forma basis as described below (the “**Indebtedness Percentage**”), would be less than or equal to 65%.

The Series F Trust Indenture will provide that the Indebtedness Percentage will be calculated on a *pro forma* basis as at the date of Calloway’s most recently published balance sheet (the “**Balance Sheet Date**”) giving effect to the incurrence of the Indebtedness to be incurred or assumed and the application of the proceeds therefrom and to any other event that has increased or decreased Consolidated Indebtedness or Aggregate Assets since the Balance Sheet Date to the date of calculation.

Equity Maintenance

Calloway will maintain an Adjusted Unitholders’ Equity of at least \$500 million.

Events of Default

The Trust Indenture provides that each of the following events will constitute an event of default (each, an “**Event of Default**”) in respect of each series of Debt Securities (including the Debentures):

- a) default in payment of principal when due;
- b) default in payment of any interest when due where such default continues for a period of three business days after the relevant interest payment date;
- c) a breach of or default in the performance of any other covenant of Calloway under the Trust Indenture, the Debt Securities or a supplemental indenture in connection with that series of Debt Securities where such default or breach continues for a period of 30 days after the Indenture Trustee has given notice in writing to Calloway specifying the nature of such breach or default, and requiring that it be remedied unless the Indenture Trustee (having regard to the subject matter of such breach or default) agrees to a longer period, and in such event within the period agreed to by the Indenture Trustee;
- d) certain events of bankruptcy, insolvency, winding up or dissolution related to Calloway or a Material Subsidiary as set out in the Trust Indenture;
- e) the rendering of a final judgment or judgments (not subject to appeal) against Calloway or any Material Subsidiary in an aggregate amount in excess of \$25 million by a court or courts of competent jurisdiction, which remains or remain undischarged and unstayed for a period of 60 days after the date on which the right to appeal has expired; and
- f) default by Calloway or any Material Subsidiary under the terms of any Indebtedness (other than any Non-Recourse Indebtedness) where that default results in the acceleration of that Indebtedness (after expiration of any applicable grace period) unless such acceleration is waived or rescinded; provided that the aggregate of all such Indebtedness which is accelerated exceeds \$25 million.

Subject to the provisions of the Trust Indenture relating to the duties of the Indenture Trustee, in case an Event of Default applicable to a series of Debt Securities occurs and is continuing, the Indenture Trustee will be under no obligation to exercise any of its rights or powers under the Trust Indenture at the request or direction of any of the holders of Debt Securities of such series, unless such holders have offered to indemnify the Indenture Trustee to its reasonable satisfaction.

If an Event of Default (other than an Event of Default described in paragraph (d) above) occurs and is continuing with respect to a particular series of Debt Securities, either the Indenture Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Debt Securities of such series may accelerate the maturity of all Debt Securities of such series; provided that, notwithstanding any other provisions of the Trust Indenture, any supplemental indenture or any Debt Securities, after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of outstanding Debt Securities of that series may rescind and annul such acceleration in certain circumstances described in the Trust Indenture. See “Modification and Waiver”. If an Event of Default specified in paragraph (d) above occurs, the outstanding Debt Securities will become immediately due and payable without any declaration or other act on the part of the Indenture Trustee or any holder of Debt Securities. If the maturity of the Debt Securities of a series has been accelerated, legal action against Calloway may be authorized by an Extraordinary Resolution of the holders of the Debt Securities of such series.

Depository Services

Except as otherwise provided below, the Debentures will be issued in “book-entry only” form and must be purchased or transferred through participants (“**Participants**”) in the depository service of CDS Clearing and Depository Services Inc. or a successor (“**CDS**”), which include securities brokers and dealers, banks and trust companies. On the closing date of the offering, Calloway will cause a global certificate or certificates representing the Debentures (each, a “**Global Debenture**”) to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of a Debenture will be entitled to a certificate or other instrument from Calloway or CDS evidencing that Debentureholder’s ownership thereof, and no Debentureholder will be shown on

the records maintained by CDS except through a book-entry account of a Participant acting on behalf of such Debentureholder. Each Debentureholder will receive a customer confirmation of purchase from the registered dealer from which the Debenture is purchased in accordance with the practices and procedures of that registered dealer. Practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its Participants having interests in the Debentures.

Debentures will be issued in fully registered form to holders or their nominees other than CDS or its nominee if (i) Calloway determines that CDS is no longer willing or able to discharge properly its responsibilities as depository and Calloway is unable to locate a qualified successor, (ii) Calloway at its option elects, or is required by law, to terminate the book-entry system through CDS or such book-entry system ceases to exist or (iii) after the occurrence of an Event of Default, holders of Debentures representing beneficial interests aggregating over 50% of the outstanding principal amount of Debentures determine that the continuation of the book-entry system is no longer in their best interests.

Transfers

Transfers of ownership in the Debentures will be effected only through records maintained by CDS or its nominee for such Debentures with respect to interests of Participants and on the records of Participants with respect to interests of persons other than Participants. Debentureholders who are not Participants, but who desire to purchase, sell or otherwise transfer ownership of or other interest in the Debentures, may do so only through Participants.

The ability of a Debentureholder to pledge a Debenture or otherwise take action with respect to such Debentureholder's interest in a Debenture (other than through a Participant) may be limited due to the lack of a physical certificate.

Payment of Interest and Principal

Except in the case of payment on maturity, in which case payment may be made on surrender of the Global Debenture, payments of interest and principal on each Global Debenture will be made to CDS as registered holder of the Global Debenture. Interest payments on the Global Debenture will be made by cheque dated the date interest is payable and delivered to CDS two days before the date interest is payable. Payments of interest may also be made by electronic funds transferred to CDS at the option of Calloway. Principal payments on the Global Debenture will be made by cheque dated the maturity date delivered to CDS at maturity against receipt of the Global Debenture. As long as CDS is the registered holder of the Global Debenture, CDS will be considered the sole owner of the Global Debenture for the purpose of receiving payment on the Debentures and for all other purposes under the Trust Indenture and the Debentures.

Calloway expects that CDS, upon receipt of any payment of principal or interest in respect of a Global Debenture, will credit Participants' accounts, on the date principal or interest is payable, with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Debenture as shown on the records of CDS. Calloway also expects that payments of principal and interest by Participants to the owners of beneficial interests in such Global Debenture held through such Participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants. The responsibility and liability of Calloway and the Indenture Trustee in respect of Debentures represented by the Global Debenture is limited to making payment of any principal and interest due on such Global Debenture to CDS.

If the date for payment of any amount of principal or interest on any Debenture is not a business day at the place of payment, then payment will be made on the next business day and the holder of the Debenture will not be entitled to any further interest or other payment in respect of the delay.

Change of Control

In the event of a Change of Control, the holders of Debentures may require Calloway to repurchase their Debentures, in whole or in part, at a price of (i) 101% of the principal amount of such Debentures plus (ii) all accrued interest to the date of repurchase.

Defeasance

The Trust Indenture contains provisions requiring the Indenture Trustee to release Calloway from its obligations under the Trust Indenture and any supplemental indenture relating to a particular series of Debt Securities (including the Debentures) provided that, among other things, Calloway satisfies the Indenture Trustee that it has deposited funds or made due provision for the payment of (i) the expenses of the Indenture Trustee and (ii) all principal, premium (if any), interest and other amounts due or to become due in respect of such series of Debt Securities.

Modification and Waiver

The rights of the holders of Debt Securities issued under the Trust Indenture and any supplemental indenture may be modified if authorized by Extraordinary Resolution. If the proposed modification affects the rights of the holders of a separate series of Debt Securities rather than all of the Debt Securities, the approval of a like proportion of the holders of such separate series of Debt Securities outstanding will be required.

The approval threshold for an Extraordinary Resolution will generally be 66⅔% but will be 75% for the following: (a) to change the stated maturity of the principal or redemption price of or any premium or installment of interest on, any Debt Securities of such series, (b) to reduce the principal amount of, or interest or premium (if any) on, any Debt Securities of such series, (c) to change the place or currency of payment of the principal of, premium (if any) on redemption price of or interest on, any Debt Securities of such series or (d) to amend the percentage of Debt Securities of such series necessary to approve an Extraordinary Resolution. See the definition of “Extraordinary Resolution” under “Definitions”.

Subject to certain rights of the Indenture Trustee as provided in the Trust Indenture, the holders of a majority of the outstanding principal amount of the Debt Securities of a series (including the Debentures), on behalf of all holders of Debt Securities of such series, may waive certain Events of Default under the Trust Indenture with respect to such series of Debt Securities.

Financial Information

Calloway has covenanted in the Trust Indenture to deliver to the Indenture Trustee its audited annual financial statements and unaudited interim financial statements at such time as such statements are delivered to Canadian securities regulators.

PLAN OF DISTRIBUTION

Under an underwriting agreement (the “**Underwriting Agreement**”) dated September 23, 2010 between the Underwriters and Calloway, Calloway has agreed to sell and the Underwriters have severally agreed to purchase on October 1, 2010 or such other date as may be agreed upon, but not later than October 8, 2010, subject to compliance with all necessary legal requirements and to the terms and conditions contained in the Underwriting Agreement, \$100,000,000 principal amount of Debentures at a price equal to \$1,000 per \$1,000 principal amount of Debenture, plus accrued interest (if any) from October 1, 2010 to the date of delivery, payable in cash to Calloway against delivery of such principal amount of Debentures. The Underwriting Agreement provides that Calloway will pay the Underwriters a fee equal to 1.5% of the gross proceeds from the sale of the Debentures on account of their services rendered in connection with this offering. The obligations of the Underwriters under the Underwriting Agreement may be terminated at their discretion upon the occurrence of certain stated events.

The Offering is being made in each of the provinces of Canada. The Debentures have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”) or any state securities laws. Accordingly, except in certain transactions exempt from the registration requirements of the U.S.

Securities Act and applicable state securities laws, the Debentures may not be offered, sold or delivered within the United States, and each Underwriter has agreed that it will not offer, sell or deliver the Debentures within the United States except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of this offering of Debentures, any offer or sale of the Debentures offered hereby within the United States by any dealer (whether or not participating in this offering) may violate the registration requirements of the U.S. Securities Act.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events.

If one or more of the Underwriters fails to purchase their allotment of the Debentures, the remaining Underwriter or Underwriters may, but are not obligated to, purchase the Debenture not purchased by the Underwriter or Underwriters who failed to purchase. The Underwriters are, however, obligated to take up and pay for all of the Debentures if any of the Debentures are purchased under the Underwriting Agreement.

Calloway has agreed to indemnify the Underwriters and their directors, officers, employees and agents against certain liabilities, including civil liabilities under Canadian provincial securities legislation, or to contribute to payments the Underwriters may be required to make in respect thereof.

Pursuant to policy statements of certain securities regulators, the Underwriters may not, throughout the period of distribution under this prospectus supplement, bid for or purchase Debentures. The foregoing restriction is subject to certain exceptions, on the condition that the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in or raising the price of, Debentures. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules as administered by Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Under the first mentioned exception, in connection with this offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Debentures at levels other than those which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

The Underwriters propose to offer the Debentures to the public at the offering price of \$1,000 per Debenture. After the Underwriters have made a reasonable effort to sell all of Debentures at that price, the offering price to the public may be decreased and may be further changed from time to time to an amount not greater than \$1,000 per Debenture, and the compensation realized by the Underwriters will be decreased by the amount that the aggregate price paid by the purchasers for the Debentures is less than the price paid by the Underwriters to Calloway.

Calloway has further agreed with the Underwriters that it will not issue or sell Debentures or any other senior unsecured debentures of Calloway (or agree to do so or publicly announce any intention to do so), at any time prior to 60 days after the issuance of the Debentures offered pursuant to this prospectus supplement, unless (i) the issue or sale or the proposed issue or sale is made pursuant to the Underwriting Agreement; or (ii) Calloway will have obtained the prior written consent of CIBC World Markets Inc. on behalf of the Underwriters, which consent will not be unreasonably withheld or delayed.

RELATIONSHIP BETWEEN CALLOWAY AND CERTAIN OF THE UNDERWRITERS

Certain of the Underwriters are subsidiaries of separate Canadian chartered banks (the “**Banks**”) which are lenders to Calloway. Accordingly, Calloway may be considered to be a “connected issuer” of the Underwriters under applicable Canadian securities legislation.

A portion of the net proceeds of the offering will be used to repay a portion of the current outstanding indebtedness of Calloway. See "Use of Proceeds".

The credit facilities and the mortgages referred to above are secured by certain assets of Calloway. The agreements governing such indebtedness contain representations and covenants, restrictions and events of default that are customary for such agreements, including restrictions on Calloway relating to additional indebtedness, liens and encumbrances and adherence to specified financial covenants.

As of the date of this prospectus supplement, Calloway is in compliance with the terms of such agreements and the financial position of Calloway and the value of the security granted to the Banks pursuant to such agreements have not materially changed since such agreements were entered into.

Each of the Underwriters has advised Calloway that the decision to underwrite this offering was made independently of the Banks and the Banks had no influence as to the determination of the terms of the distribution. None of the Underwriters will receive any benefit in connection with this offering other than its share of the Underwriters' fee payable by Calloway.

USE OF PROCEEDS

The estimated net proceeds to Calloway from this offering, after deducting the Underwriters' fees of \$1,500,000 but before deducting the estimated expenses of the issue estimated to be approximately \$400,000, will be approximately \$98,500,000.

Of the net proceeds from this offering, Calloway intends to use 100% to partially redeem the outstanding 10.25% series C senior unsecured debentures due April 14, 2014 (inclusive of approximately \$14,371,000 to pay yield maintenance and accrued interest thereon).

Of the net proceeds from the Equity Offering, Calloway intends to use approximately \$82,938,000 to redeem the balance of the outstanding 10.25% series C senior unsecured debentures due April 14, 2014 (inclusive of approximately \$17,067,000 to pay yield maintenance and accrued interest thereon), and the balance for satisfying pipeline obligations and general trust purposes.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Shea Nerland Calnan LLP, counsel to Calloway, and McCarthy Tétrault LLP, counsel to the Underwriters, the following is, at the date hereof, a summary of the principal Canadian federal income tax considerations generally applicable to a holder of Debentures (a "**Holder**"), who acquires Debentures pursuant to this offering and who, at all relevant times, for purposes of the Tax Act, is resident in Canada, holds the Debentures as capital property and deals at arm's length and is not affiliated with Calloway. Generally, the Debentures will be considered capital property to a Holder provided that the Holder does not hold the Debentures in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Holders whose Debentures might not otherwise qualify as capital property may be entitled to obtain such qualification in certain circumstances by making an irrevocable election permitted by subsection 39(4) of the Tax Act applicable to all Canadian securities owned by the Holder in the year of the election and all subsequent years. Such Holders should consult their tax advisors having regard to their particular circumstances.

This summary is not applicable to a Holder that is a "financial institution" (as defined in the Tax Act for purposes of the mark-to-market rules) or a "specified financial institution", or a Holder an interest in which is a "tax shelter investment" (all as defined in the Tax Act), or a Holder which reports its Canadian tax results in a functional

currency (which excludes Canadian dollars) under the Tax Act. Such Holders should consult their own tax advisors having regard to their particular circumstances.

This summary is based upon the facts set out in the Short Form Prospectus and this prospectus supplement, information provided by Calloway certified as correct in an officer's certificate from the management of Calloway, the current provisions of the Tax Act and the Regulations in force at the date of this prospectus supplement, all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and counsel's understanding of the current administrative and assessing policies and practices of the Canada Revenue Agency (the "CRA") published in writing by it. There can be no assurance that the proposed amendments will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes of law or practice, whether by judicial, governmental or legislative decision or action or changes in the administrative and assessing policies and practices of the CRA, nor does it take into account any other federal, or provincial, territorial or foreign income tax considerations. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation. This summary also assumes that Calloway will at all times comply with the Declaration of Trust.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Holder, and no representations with respect to the income tax consequences to any particular Holder are made. Accordingly, prospective purchasers should consult their own tax advisors for advice with respect to the tax consequences to them of acquiring, holding and disposing of the Debentures, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.

This summary does not address any Canadian federal income tax considerations applicable to non-residents of Canada, and non-residents should consult their own tax advisors regarding the tax consequences of acquiring and holding the Debentures. All payments to non-residents of interest on the Debentures (including amounts deemed to be interest for purposes of the Tax Act) will be net of any applicable withholding taxes.

This summary is not exhaustive of all possible Canadian federal tax considerations applicable to an investment in Debentures. Moreover, the income and other tax consequences of acquiring, holding or disposing of Debentures will vary depending on the holder's particular circumstances, including the province or provinces in which the Holder resides or carries on business.

In this summary, references to Calloway are to Calloway Real Estate Investment Trust and not to any of its subsidiaries or other entities in which it holds an interest.

Calloway has advised counsel that it is, and expects that it will continue at all times to qualify as, a unit trust and a mutual fund trust under the provisions of the Tax Act, and has provided a certificate to support such advice. This summary therefore assumes that Calloway does and will continue to so qualify. In addition, Calloway has advised in an officer's certificate that it has elected pursuant to the Tax Act to be deemed to be a mutual fund trust from the date it was established. If Calloway were not to so qualify, the income tax consequences described below would in some respects be materially different.

A Holder that is a corporation, partnership, unit trust or a trust of which a corporation or a partnership is a beneficiary will be required to include in computing its income for a taxation year all interest on the Debentures that accrues to the Holder to the end of that taxation year or that becomes receivable by or is received by the Holder before the end of that taxation year, except to the extent that the Holder included that interest in computing its income for a preceding taxation year.

Any other Holder will be required to include in computing its income for a taxation year all interest on the Debentures received or receivable by the Holder in that taxation year (depending upon the method regularly followed by the Holder in computing income), except to the extent that the Holder included that interest in income for a preceding taxation year. In addition, such Holder will be required to include in computing the Holder's income for a taxation year any interest that accrued to the Holder to the end of any "anniversary day" (as defined in the Tax

Act) in that year to the extent that such interest was otherwise included in the Holder's income for that or a preceding taxation year.

If Calloway redeems a Debenture prior to maturity or repays a Debenture upon maturity, the Holder will generally be considered to have disposed of the Debenture for proceeds of disposition equal to the amount received by the Holder (other than the amount received as interest) on such redemption or repayment. The Holder may realize a capital gain or capital loss as described below.

On a disposition or deemed disposition of a Debenture, including a purchase for cancellation, a Holder will generally be required to include in income the amount of interest accrued or deemed to accrue on the Debenture from the date of the last interest payment to the date of disposition to the extent that such amount has not otherwise been included in the Holder's income for the taxation year or a previous taxation year. In general, a disposition or deemed disposition of a Debenture will give rise to a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any other amount included in computing income and any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the Debenture to the Holder immediately before the disposition.

One-half of the amount of any capital gain (a "**taxable capital gain**") realized by a Holder in a taxation year generally must be included in the Holder's income for that year, and one-half of the amount of any capital loss (an "**allowable capital loss**") realized by a Holder in a taxation year must generally be deducted from taxable capital gains realized by the Holder in that year. Allowable capital losses in excess of taxable capital gains in a particular year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years, to the extent and under the circumstances described in the Tax Act.

A Holder that is a "Canadian controlled private corporation" (as defined in the Tax Act) may be liable to pay an additional refundable tax of 6 $\frac{2}{3}$ % on certain investment income, including amounts of interest and taxable capital gains. A capital gain realized by a holder who is an individual or trust (other than certain specified trusts) may give rise to a liability for alternative minimum tax.

SIFT Rules

The Tax Act contains rules (the "**SIFT Rules**") applicable to certain publicly listed trusts or partnerships ("**SIFTS**") and their investors, which generally tax the SIFT at a rate similar to a taxable Canadian corporation on income from business carried on in Canada and on income (other than taxable dividends) or capital gains from non-portfolio properties (as defined in the Tax Act) and the distribution of such income to Unitholders is generally treated as dividends received from a taxable Canadian corporation. In general, distributions paid as returns of capital will not be subject to this tax. The SIFT Rules are applicable beginning in 2007, except for a trust that would have been a "SIFT trust" (as defined in the Tax Act) on October 31, 2006 if the definition had been in force and applied to the trust on that date (the "**Existing Trust Exemption**"). For trusts that meet the Existing Trust Exemption, the SIFT Rules will apply commencing in the 2011 taxation year, assuming compliance with the "normal growth" guidelines issued by the Department of Finance (Canada) on December 15, 2006, as amended from time to time (the "**Normal Growth Guidelines**"). The SIFT Rules are not applicable to a real estate investment trust that meets certain specified criteria relating to the nature of its revenue and investments (the "**REIT Exemption**"). Management of Calloway believes that Calloway has not exceeded the Normal Growth Guidelines and that Calloway is not currently subject to tax under the SIFT Rules. Management also believes that Calloway, as currently structured, does not qualify for the REIT Exemption, with the result that the SIFT Rules will apply to Calloway commencing in 2011. It is Calloway's current intention to restructure its business affairs and/or discontinue certain of its activities, if necessary, prior to January 1, 2011, in order to qualify for the REIT Exemption. However, no assurance can be given that Calloway will qualify for the REIT Exemption.

RISK FACTORS

There are risks associated with the Debentures being distributed under this offering. In addition to the risks described herein, reference is made to the risks described in the Short Form Prospectus including Calloway's annual

information form and management's discussion and analysis which are incorporated therein by reference. See "Documents Incorporated by Reference".

Credit Ratings

Real or anticipated changes in credit ratings on the Debentures may affect the market value of the Debentures. In addition, real or anticipated changes in credit ratings can affect the cost at which Calloway can access the debenture market.

Structural Subordination of Debentures

Liabilities of a parent entity with assets held by various Subsidiaries may result in the structural subordination of the lenders of the parent entity. The parent entity is entitled only to the residual equity of its Subsidiaries after all debt obligations of its Subsidiaries are discharged. In the event of a bankruptcy, liquidation or reorganization of Calloway, holders of indebtedness of Calloway (including holders of Debentures) may become subordinate to lenders to the Subsidiaries of Calloway.

Wholly-owned Material Subsidiaries and certain wholly-owned corporate Subsidiaries of Calloway will provide a form of guarantee pursuant to which the Indenture Trustee will, subject to the Trust Indenture, be entitled to seek redress from such wholly-owned Subsidiaries for the guaranteed indebtedness. These guarantees are intended to eliminate structural subordination which arises as a consequence of certain Calloway assets being held in various Subsidiaries. Although all wholly-owned Material Subsidiaries will provide a guarantee, not all Subsidiaries of Calloway will provide such a guarantee. In addition, there can be no assurance that the Indenture Trustee will, or will be able to, effectively enforce the guarantee. See "Details of the Offering – Guarantee".

Coverage Ratios

See "Interest and Earnings Coverages" which is relevant to an assessment of the risk that Calloway will be unable to pay interest or principal on the Debentures when due.

Market Value Fluctuation

Prevailing interest rates will affect the market value of the Debentures, as they carry a fixed interest rate. Assuming all other factors remain unchanged, the market value of the Debentures, which carry a fixed interest rate, will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Trading Market for Debentures

There is no market through which the Debentures may be sold and purchasers may not be able to resell Debentures purchased under this prospectus supplement. This may affect the pricing of the Debentures in the secondary market, the transparency and availability of trading prices, the liquidity of the Debentures and the extent of issuer regulation.

If the Debentures are traded after their initial issuance, they may trade at a discount from their initial public offering price depending on prevailing interest rates, the market for similar securities, the performance of Calloway and other factors. No assurance can be given as to whether an active trading market will develop or be maintained for the Debentures. To the extent that an active trading market for the Debentures does not develop, the liquidity and trading prices for the Debentures may be adversely affected.

Statutory Remedies

Calloway is not a legally recognized entity within the relevant definitions of the *Bankruptcy and Insolvency Act*, the *Companies' Creditors Arrangement Act* and in some cases, the *Winding Up and Restructuring Act*. As a result, in the event a restructuring of Calloway were necessary, Calloway would not be able to access the remedies available thereunder. In the event of a restructuring, a holder of Debentures may be in a different position than a holder of secured indebtedness of a corporation.

Application of SIFT Rules

No assurance can be given that Canadian federal income tax law respecting the taxation of income trusts and other flow-through entities will not be further changed in a manner that adversely affects Calloway.

Management has advised counsel that the total amount of all previous equity issuances and all currently contemplated issuances, determined in accordance with the Normal Growth Guidelines, should not cause Calloway to exceed its available growth for the period from November 1, 2006 to date. Management believes that Calloway is not currently subject to tax under the SIFT Rules. However, in the event that Calloway issues additional units or convertible debentures (or other equity securities) prior to 2011, Calloway may become subject to the SIFT Rules prior to its 2011 taxation year. No assurance can be given that the SIFT Rules will not apply to Calloway prior to its 2011 taxation year.

Calloway currently intends to qualify for the REIT Exemption prior to 2011. In order to so qualify, Calloway may need to restructure its business affairs and/or discontinue certain of its activities. If Calloway were not to qualify for the REIT Exemption, it will be subject to the SIFT Rules in 2011 (subject to compliance with the Normal Growth Guidelines).

AUDITOR, TRANSFER AGENT AND REGISTRAR

The auditors of Calloway are PricewaterhouseCoopers LLP.

The registrar and transfer agent for the Debentures will be Computershare Trust Company of Canada at its principal office in Toronto, Ontario.

LEGAL MATTERS

Legal matters in connection with the issuance of the Debentures offered by this prospectus supplement will be passed upon at the date of closing on behalf of Calloway by Shea Nerland Calnan LLP and on behalf of the Underwriters by McCarthy Tétrault LLP.

As of the date hereof, the partners and associates of Shea Nerland Calnan LLP, as a group, and McCarthy Tétrault LLP, as a group, beneficially own, directly or indirectly, less than 1% of the outstanding units of Calloway. David M. Calnan, a partner of Shea Nerland Calnan LLP, is a member of the board of trustees of Calloway.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment thereto. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment thereto contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor.
