## SHORT FORM BASE SHELF PROSPECTUS

New Issue

November 29, 2013

**\$2,000,000,000**

**Units  
Subscription Receipts  
Warrants  
Debt Securities**

Calloway Real Estate Investment Trust (“**Calloway**”) is an unincorporated “open-end” trust constituted in accordance with the laws of the Province of Alberta, pursuant to a declaration of trust that was most recently amended and restated as of May 10, 2012 (the “**Declaration of Trust**”). Calloway is focused on the ownership and development of high quality retail properties. The principal and head office of Calloway is located at Suite 200, 700 Applewood Crescent, Vaughan, Ontario L4K 5X3.

Calloway may from time to time during the 25-month period that this short form base shelf prospectus (the “**Prospectus**”), including any amendments hereto, remains valid, offer for sale and issue trust units of Calloway (“**Units**”), subscription receipts (“**Subscription Receipts**”), warrants (“**Warrants**”), and debt securities, which may consist of debentures, notes or other types of debt and may be issuable in series (the “**Debt Securities**”, and together with the Units, Subscription Receipts and Warrants, the “**Trust Securities**”). Calloway may sell up to \$2,000,000,000 in the aggregate of initial offering price of Trust Securities (or its equivalent in any other currency used to denominate the Trust Securities at the time of the offering) at any time. The Trust Securities may be sold from time to time in one or more transactions at a fixed price or prices (which may be changed) or at market prices prevailing at the time of sale, at prices determined by reference to such prevailing market prices or at negotiated prices.

The specific terms of any Trust Securities offered will be described in one or more shelf prospectus supplements (each, a “**Prospectus Supplement**”), including, where applicable: (i) in the case of Units, the number of Units being offered, the offering price and any other specific terms; (ii) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the procedures for the exchange of the Subscription Receipts for Units and/or Warrants and any other specific terms; (iii) in the case of Warrants, the number of such Warrants offered, the offering price, the terms, conditions and procedures for the exercise of such Warrants into or for Units and any other specific terms; and (iv) in the case of Debt Securities, the specific designation, the aggregate principal amount being offered, the denominations, the currency, the issue and delivery date, the maturity date, the issue price

(or the manner of determination thereof, if offered on a non-fixed price basis), the interest rate (either fixed or floating, and, if floating, the manner of calculation thereof), the interest payment date(s), the redemption, the exchange or conversion provisions (if any), the repayment terms, the form (either global or definitive), the authorized denominations and any other specific terms. A Prospectus Supplement may include specific variable terms pertaining to the Trust Securities that are not within the alternatives and parameters described in this Prospectus.

All shelf information permitted under applicable laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Trust Securities to which the Prospectus Supplement pertains.

Calloway may sell the Trust Securities to or through underwriters or dealers purchasing as principals, and may also sell the Trust Securities directly to one or more purchasers pursuant to applicable statutory exemptions or through dealers acting as agents. The Prospectus Supplement relating to a particular offering of Trust Securities will identify each underwriter, dealer or agent, as the case may be, engaged by Calloway in connection with the offering and sale of the Trust Securities, and will set forth the terms of the offering of such Trust Securities, including the method of distribution of such Trust Securities, the proceeds to Calloway and any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms of the plan of distribution. Unless otherwise specified in the relevant Prospectus Supplement, in connection with any offering of Trust Securities, the underwriters or dealers, as the case may be, may over allot or effect transactions which stabilize or maintain the market price of the Trust Securities at a level above that which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

The Units and Calloway's 5.75% convertible unsecured subordinated debentures (the "**5.75% Debentures**") are listed on the Toronto Stock Exchange (the "**TSX**") under the symbols "CWT.UN" and "CWT.DB.B", respectively. As at November 28, 2013, the trading price for the Units and 5.75% Debentures was \$25.32 and \$106.77, respectively. **Each series or issue of Subscription Receipts, Warrants, or other Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to an issue of Subscription Receipts, Warrants, or Debt Securities, the Subscription Receipts, Warrants, and Debt Securities will not be listed on any securities or stock exchange. Accordingly, unless so specified, there will be no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this Prospectus. This may affect the pricing of the securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities and the extent of issuer regulation. See "Risk Factors".**

A return on an investment in Units of Calloway is not comparable to the return on an investment in a fixed-income security. The recovery of an investment in Units is at risk, and any anticipated return on an investment in Units is based on many performance assumptions. Although Calloway intends to make distributions of a significant percentage of its available cash to its unitholders in accordance with its distribution policies, these cash distributions are not assured and may be reduced or suspended. The ability of Calloway to make cash distributions and the actual amount distributed will be dependent upon, among other things, the financial performance of the properties in its property portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Units may decline for a variety of reasons including if Calloway is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for a person making an investment in Units of Calloway to consider the particular risk factors that may affect both Calloway and the real estate industry in which Calloway operates and which may therefore affect the stability of the cash distributions on the Units of Calloway. See the section entitled "Risk Factors" in Calloway's latest annual information form, which is incorporated herein by reference, which describes Calloway's assessment of those risk factors as well as the potential consequences to a unitholder if a risk should occur. See "Risk Factors".

The after-tax return from an investment in Units to unitholders that is subject to Canadian income tax can be made up of both a "return on" and a "return of" capital. That composition may change over time, thus affecting a unitholder's after-tax return. Returns on capital are generally taxed as ordinary income, capital gains or dividends in the hands of a unitholder while returns of capital are generally tax-deferred (and reduce the unitholder's cost base in

the unit for tax purposes). Distributions of income and returns of capital to a unitholder who is not resident in Canada for purposes of the *Income Tax Act* (Canada) (the “**Tax Act**”) or is a partnership that is not a “Canadian partnership” for purposes of the Tax Act may be subject to Canadian withholding tax. Prospective unitholders should consult their own tax advisors with respect to the Canadian income tax considerations in their own circumstances.

DBRS Limited (“**DBRS**”) has provided Calloway with a stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit. DBRS has also provided Calloway with a credit rating of BBB with a stable trend relating to all senior unsecured obligations of Calloway. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS. See “Ratings”.

**Calloway is not a trust company and is not registered under applicable legislation governing trust companies as it does not carry on or intend to carry on the business of a trust company. Calloway qualifies as a mutual fund trust for the purposes of the Tax Act and offers and sells its Units to the public. Units are not “deposits” within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that act or any other legislation.**

*All dollar amounts set forth in this Prospectus are in Canadian dollars, except where otherwise indicated.*

### **CALLOWAY**

Calloway's vision is to create exceptional places to shop. Calloway's purpose is to own and manage shopping centres that provide Calloway's retailers a platform to reach their customers through convenient locations, intelligent designs, and a desirable tenant mix.

Calloway's shopping centres focus on value-oriented retailers and include well known national and regional names as well as strong neighbourhood merchants. It is expected that Wal-Mart will continue to be the dominant anchor tenant in the portfolio and that its presence will continue to attract other retailers and consumers to the centres in which it is the owner or tenant.

To the extent that opportunities exist, and to the extent that management and the board of trustees of Calloway believe such opportunities are beneficial to unitholders, Calloway will continue to invest primarily in large format, unenclosed retail rental properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and continue to build a geographically diversified portfolio of such properties.

### **USE OF PROCEEDS**

The net proceeds to be derived from the sale of Trust Securities will be the issue price thereof less any commissions paid and expenses incurred in connection therewith. The specific principal use for which the net proceeds from the sale of Trust Securities and the amount of net proceeds to be applied for any such use will be described in a Prospectus Supplement or pricing supplement relating to a specific issuance of Trust Securities. Among other potential uses, Calloway may use the net proceeds from the sale of Trust Securities to repay indebtedness outstanding from time to time, to fund the purchase of real property and other investments as permitted by the Declaration of Trust, for capital expenditures and for other general trust purposes.

### **EARNINGS COVERAGE RATIOS**

Earnings coverage ratios will be provided as required in the applicable Prospectus Supplement(s) with respect to the issuance of Debt Securities pursuant to this Prospectus.

## **RATINGS ON SECURITIES**

DBRS provides stability ratings for real estate investment trusts (“**REITs**”) and income trusts. A stability rating generally provides an indication of both the stability and sustainability of distributions to unitholders by the rated entity. DBRS’s rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). DBRS has provided Calloway with a stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit, but performance may be more sensitive to economic factors, have greater cyclical tendencies, and may not be as well diversified as a higher ranking income fund, resulting in some potential for distributions per unit to fluctuate.

DBRS also provides credit ratings of debt securities for commercial entities. Credit ratings are intended to provide investors with an independent measure of credit quality of an issue of securities and generally provide an indication of the risk that the borrower will not fulfill its full obligations in a timely manner with respect to both interest and principal commitments. Rating categories range from highest credit quality (generally AAA) to very highly

speculative (generally C). DBRS has provided Calloway with a credit rating of BBB with a stable trend relating to all senior unsecured obligations of Calloway. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS, where protection of interest and principal is considered acceptable but the issuing entity is susceptible to adverse changes in financial and economic conditions, or there may be other adverse conditions present which reduce the strength of the entity and its rated securities.

The DBRS ratings accorded to Calloway's securities are not recommendations to buy, sell or hold such securities. There can be no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised by a rating agency at any time.

## RISK FACTORS

### Application of SIFT Rules

The Tax Act imposes a special taxation regime (the “**SIFT Rules**”) applicable to SIFT trusts, as such term is defined in the Tax Act. Under the SIFT Rules, a SIFT trust is subject to tax in respect of certain distributions that are attributable to the SIFT trust’s “non-portfolio earnings” (generally, income (other than certain dividends) from, or capital gains realized on, “non-portfolio properties”, which does not include certain investments in non-Canadian entities), at a rate substantially equivalent to the combined federal and provincial corporate tax rate on certain types of income.

The SIFT Rules are not applicable to REITs that meet certain specified criteria relating to the nature of their revenues and investments (the “**REIT Exception**”). If Calloway fails to qualify for the REIT Exception, Calloway will be subject to the tax regime introduced by the SIFT Rules.

Calloway, as currently structured, does qualify for the REIT Exception and thus is not currently subject to tax under the SIFT Rules. However, no assurance can be given that Calloway will continue to qualify for the REIT Exception.

## LEGAL MATTERS

Certain legal matters relating to the offering of the Trust Securities will be passed upon on behalf of Calloway by Osler, Hoskin & Harcourt LLP. As of November 28, 2013, the partners and associates of Osler, Hoskin & Harcourt LLP beneficially owned, directly or indirectly, less than 1% of the outstanding units of Calloway. In addition, certain legal matters in connection with any offering of Trust Securities will be passed upon for any underwriters, dealers or agents by counsel to be designated at the time of the offering by such persons.

## **AUDITOR**

Calloway's auditor is PricewaterhouseCoopers LLP, Chartered Professional Accountants of 18 York Street, Suite 2600, Toronto, Ontario, M5J 0B2.

## **PURCHASERS' CONTRACTUAL RIGHTS**

Original purchasers of Subscription Receipts, Warrants or Debt Securities which are convertible into other securities of Calloway will have a contractual right of rescission against Calloway in respect of the conversion, exchange or exercise of such Subscription Receipts, Warrants or Debt Securities. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 130 of the *Securities Act* (Ontario), and is in addition to any other right or remedy available to original purchasers under section 130 the *Securities Act* (Ontario) or otherwise at law. Original purchasers are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible, exchangeable or exercisable security that was purchased under a prospectus, and therefore a further payment at the time of conversion, exchange or exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the province in which the purchaser resides for the particulars of these rights, or consult with a legal advisor.

## **PURCHASERS' STATUTORY RIGHTS**

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment thereto. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price or damages if the prospectus and any amendment thereto contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

Original purchasers are further advised that in certain provinces the statutory right of action for damages in connection with a prospectus misrepresentation is limited to the amount paid for the convertible, exchangeable or exercisable securities that were purchased under a prospectus and, therefore, a further payment at the time of conversion, exchange or exercise may not be recoverable in a statutory action for damages. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.
