(3) Before deducting the expenses of the offering estimated to be approximately \$350,000.

Under an underwriting agreement (the “**Underwriting Agreement**”) dated July 17, 2014 between RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., CIBC World Markets Inc., TD Securities Inc., Scotia Capital Inc., National Bank Financial Inc., Canaccord Genuity Corp., Desjardins Securities Inc. and Raymond James Ltd. (the “**Underwriters**”) and Calloway, Calloway has agreed to sell, and the Underwriters have severally agreed to purchase, subject to compliance with all necessary legal requirements and to the terms and conditions contained in the Underwriting Agreement, \$150,000,000 principal amount of Debentures at a price equal to \$1,001.37 per \$1,000 principal amount of Debenture, plus accrued interest (if any) from July 22, 2014 to the date of delivery, payable in cash to Calloway against delivery of such principal amount of Debentures. See “Plan of Distribution”.

Each of RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., CIBC World Markets Inc., TD Securities Inc., Scotia Capital Inc., National Bank Financial Inc. and Desjardins Securities Inc. is a subsidiary of a financial institution which is among Calloway’s principal lenders. Consequently, Calloway may be considered to be a “connected issuer” of such Underwriters under applicable Canadian securities legislation. See “Relationship Between Calloway and the Underwriters”.

The Debentures will be offered to the public at prices to be negotiated between each purchaser and the Underwriters. Accordingly, the price at which the Debentures will be offered and sold to the public may vary as between purchasers and during the period of distribution of the Debentures. The Underwriters’ overall compensation will increase by the amount by which the aggregate price paid for the Debentures by the purchasers exceeds the gross proceeds paid by the Underwriters to Calloway. See “**Plan of Distribution**”.

The Underwriters, as principals, conditionally offer the Debentures, subject to prior sale, if, as and when issued by Calloway and accepted by the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under “Plan of Distribution” and subject to the approval of certain legal matters on behalf of Calloway by Osler, Hoskin & Harcourt LLP and on behalf of the Underwriters by McCarthy Tétrault LLP.

Calloway has been advised by the Underwriters that, in connection with this offering and subject to applicable laws, the Underwriters may effect transactions intended to stabilize or maintain the market price of the Debentures at levels other than those that otherwise might prevail on the open market in accordance with market stabilization rules. Such transactions, if commenced, may be discontinued at any time. See “Plan of Distribution”.

Subscriptions for the Debentures will be received subject to rejection or allotment in whole or in part and the Underwriters reserve the right to close the subscription books at any time without notice. It is expected that the closing of this offering will take place on July 22, 2014 or on such other date as Calloway and the Underwriters may agree but, in any event, not later than July 29, 2014 and that the Debentures will be available for delivery in book-entry form only through the facilities of CDS Clearing and Depository Services Inc. on or about closing.

Calloway is not a trust company and is not registered under applicable legislation governing trust companies as it does not carry on or intend to carry on the business of a trust company.

FORWARD-LOOKING STATEMENTS

Certain statements in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and in the Short Form Prospectus are “forward-looking statements” that reflect management’s expectations regarding Calloway’s future growth, results of operations, performance and business prospects and opportunities and other future events. More specifically, certain statements contained in this prospectus supplement in the sections “Recent Developments”, “Consolidated Capitalization”, “Use of Proceeds” and “Risk Factors” including statements regarding Calloway’s expectations in respect of closing the transactions described under the heading “Recent Developments” and of meeting the REIT Exception (as defined herein) and not being subject to the SIFT Rules (as defined herein) are forward-looking statements. All statements other than statements of historical fact contained in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and in the Short Form Prospectus are forward-looking statements including, without limitation, statements that contain words such as “could”, “should”, “can”, “anticipate”, “expect”, “believe”, “will”, “may” and similar expressions, and statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of Calloway or its subsidiaries. These forward-looking statements are presented for the purpose of assisting Calloway’s investors and financial analysts in understanding Calloway’s operating environment, and may not be appropriate for other purposes. Such forward-looking statements contained directly in this prospectus supplement reflect management’s current beliefs and are based on information currently available to management.

Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements including risks associated with real property ownership, debt financing, interest and financing, capital requirements, credit risk, general uninsured losses, developments, future property acquisitions, competition for real property investments, environmental matters, land leases, potential conflicts of interest, reliance on key personnel, and tax related matters. These risks and others are more fully discussed under the “Risk Factors” section of this prospectus supplement and the “Risk Factors” section of the Short Form Prospectus, which also refers to the risks described in Calloway’s most recent annual information form, which document has been incorporated by reference herein and in the Short Form Prospectus. Although the forward-looking statements contained in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and therein are based upon what management believed to be reasonable assumptions at the time such statements were made, Calloway cannot assure investors that actual results will be consistent with these forward-looking statements. The forward-looking statements contained in this prospectus supplement, in the Short Form Prospectus and in the documents incorporated by reference herein and therein are expressly qualified in their entirety by this cautionary statement and by the cautionary statements contained in the Short Form Prospectus and in the documents incorporation by reference herein and therein. The forward-looking statements contained in this prospectus supplement are made as at the date of this prospectus supplement, the forward-looking statements contained in the Short Form Prospectus are made as at the date of the Short Form Prospectus and the forward-looking statements contained in the documents incorporated by reference herein or in the Short Form Prospectus are made as of the date of such documents, and Calloway assumes no obligation to update or revise such forward-looking statements to reflect new events or circumstances except as otherwise required by applicable securities legislation.

RECENT DEVELOPMENTS

On July 8, 2014, Calloway issued on a private placement basis \$50 million principal amount of series I unsecured debentures due May 30, 2023 bearing interest at an annual rate of 3.985% per annum (the “**3.985% Debentures**”), which was a re-opening of the 3.985% Debentures. The additional 3.985% Debentures were issued at a price of \$100.19 per \$100.00 principal amount plus accrued interest, with an effective yield of 3.959% if held to maturity. An aggregate of \$200 million 3.985% Debentures are outstanding after giving effect to the private placement. Calloway used the proceeds of the private placement to repurchase \$50 million par value of its series B senior unsecured debentures due October 12, 2016 bearing interest at an annual rate of 5.37% per annum (the “**5.37% Debentures**”) for cancellation. An aggregate of \$150 million of the 5.37% Debentures are outstanding after giving effect to the repurchase and cancellation.

On July 14, 2014, following a competitive bidding process led by an independent third party broker where Calloway was the successful bidder, and after review and approval by the independent trustees of Calloway, Calloway entered into a conditional agreement to acquire an undivided 50% interest in two properties (the Edmonton property and the Lachenaie property) (the “**Transaction**”) from a joint venture between Walmart Canada Realty Inc. (“**Walmart**”) and SmartCentres Realty Inc. (“**SmartCentres**”, collectively with Walmart, the “**Sellers**”). The initial consideration payable by Calloway in respect of the Transaction is approximately \$62 million. I.G. Investment Management Ltd., as trustee for Investors Real Property Fund (“**IG**”), is purchasing the other undivided 50% interest in the two properties.

The Edmonton property is located in the former location of Capilano Mall at the intersection of 98th Ave. NW and 50th St. NW. It currently comprises approximately 360,000 square feet of retail and office space, including 75,000 square feet of newly re-developed retail, and is anchored by a Walmart Supercentre and other national tenants such as Safeway, Winners and Dollarama.

The Lachenaie property is located just north of the island of Montreal in the city of Terrebonne at the intersection of Autoroute 40 and Autoroute 640. It currently comprises approximately 273,000 square feet of retail space anchored by a Walmart Supercentre with other national tenants such as HomeSense, Michaels, and Bouclair. Upon completion, the centre will be approximately 353,000 square feet.

The currently developed portion of the shopping centres are 98% leased, with national and regional tenants accounting for 88% of the tenants. The weighted average remaining lease term for the shopping centre tenants is 11.3 years compared to the weighted average remaining lease term of 7.3 years in Calloway’s existing portfolio. Assuming the closing of the Transaction occurs, the proportion of the square footage leased by Walmart of

Calloway's total leasable square footage and the percentage that Walmart lease payments represents of Calloway's revenue will remain virtually unchanged at approximately 41% and 25%, respectively.

If the conditions to the agreement are satisfied, the Transaction is expected to close in September 2014.

Calloway will finance the acquisitions with existing cash resources (including potentially the net proceeds of this offering) and, if elected by SmartCentres, the issuance to SmartCentres of (i) Class B Series 7 exchangeable units (the "**Class B LP Units**") of Calloway Limited Partnership III ("**LP III**") at a price of \$26.23 per Class B LP Unit determined using the volume weighted average trading price of Units (as defined herein) on the TSX (as defined herein) for the 10 trading days immediately preceding July 14, 2014; (ii) Class C Series 7 exchangeable units (the "**Class C LP Units**") and collectively with the Class B LP Units, the "**LP Units**") of LP III; and (iii) special voting units of Calloway (the "**Special Voting Units**") in a number equal to the aggregate number of Class B LP Units issued on closing. The Class B LP Units shall carry no voting rights and may be exchanged for Units on the basis of one Unit for each Class B LP Unit. The Class C LP Units shall carry no voting rights and may be exchanged for Class B LP Units or redeemed for cash at the time of an earn-out event. The Special Voting Units shall be entitled to one vote per unit but shall have no economic value. The actual number of LP Units to be issued to SmartCentres will not be finalized until four business days prior to the closing date, however, the maximum portion of the purchase price that may be satisfied by the issuance of Class B LP Units may be as high as, but shall not exceed, 10% of the aggregate purchase price payable by Calloway and IG, but the actual number of LP Units is to be determined by SmartCentres in its sole discretion.

If the Transaction is completed, Calloway will enter into development agreements with SmartCentres Management Inc. with respect to future developments on such properties. As each earn-out event occurs, the purchasers are obligated to pay Walmart a price calculated by a formula (the "**Earn-Out Formula**") based on net operating income and a predetermined capitalization rate less the associated development costs funded by Calloway and IG. In conjunction with each earn-out event, SmartCentres will be entitled to an amount (based on the Earn-Out Formula) in cash and/or a certain number of LP Units valued at the market price of the Units at the time of such earn-out event. Calloway's portion of the additional consideration in relation to the earn-out events associated with the Transaction is estimated to be approximately \$15 million based on existing development pro-formas for the properties.

SmartCentres is solely owned by Mitchell Goldhar, direct and indirect owner of an approximately 21.2% equity interest in Calloway. Pursuant to the Transaction, Mr. Goldhar's aggregate interest would increase to approximately 21.5% if SmartCentres elects to receive payment of the maximum number of Class B LP Units permitted as part of the consideration for the Transaction. SmartCentres may be considered to be a related party of Calloway under Multilateral Instrument 61-101- *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**") as Mitchell Goldhar is deemed to be a 'control person' of each of Calloway and SmartCentres for securities law purposes by virtue of his holding of voting securities in Calloway and SmartCentres. The Transaction is not material to Calloway and is exempt from the requirements of MI 61-101 for formal valuations and majority of minority approval as Calloway's portion of the purchase price represents less than 2% of the market capitalization of Calloway.

There are no assurances that the conditions under the conditional agreement will be fulfilled or that the closing of the Transaction will be not be delayed or that the Transaction will be completed.

On July 15, 2014, Calloway entered into a conditional agreement of purchase and sale with Retrocom Real Estate Investment Trust ("**Retrocom**") relating to the acquisition by Retrocom of seven properties from Calloway for an aggregate purchase price of approximately \$111 million. The purchase price represents the average of the valuations prepared by two independent appraisers. Retrocom intends to satisfy the purchase price by the assumption of existing mortgage debt on three of the properties in an aggregate amount of approximately \$36 million, a vendor take-back mortgage in the amount of approximately \$40 million, and the balance paid in cash. The transaction has been unanimously approved by the independent trustees of Calloway. If the conditions of the conditional agreement are satisfied, the transaction with Retrocom is expected to close in October 2014. There are no assurances that the conditions under the conditional agreement with Retrocom will be fulfilled or that the closing of the transaction with Retrocom will not be delayed or completed.

Retrocom may be considered to be a related party of Calloway under MI 61-101 as Mitchell Goldhar is deemed to be a 'control person' of each of Calloway and Retrocom for securities law purposes by virtue of his holding of voting securities in Calloway and Retrocom. The transaction with Retrocom is not material to Calloway and is exempt from the requirements of MI 61-101 for formal valuations and majority of minority approval as the purchase price represents less than 4% of the market capitalization of Calloway.

Neither the sale to Retrocom nor the Transaction is conditional upon the closing of the other transaction.

ELIGIBILITY FOR INVESTMENT

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to Calloway, and McCarthy Tétrault LLP, counsel to the Underwriters, the Debentures, if issued on the date hereof, would be qualified investments under the *Income Tax Act* (Canada) (the "**Tax Act**") for registered retirement savings plans ("**RRSPs**"), registered retirement income funds ("**RRIFs**"), deferred profit sharing plans, registered education savings plans, tax-free savings accounts ("**TFSAs**") and registered disability savings plans (collectively "**Plans**"), provided that Calloway is a mutual fund trust under the Tax Act on the date hereof and at that time its trust units ("**Units**") are listed on a designated stock exchange in Canada (which currently includes the Toronto Stock Exchange (the "**TSX**")) (except that Debentures are not a qualified investment for a trust governed by a deferred profit sharing plan for which any employer is Calloway or is an employer with whom Calloway does not deal at arm's length within the meaning of the Tax Act).

In the case of a TFSA, RRSP or RRIF, provided the holder of the TFSA or annuitant under the RRSP or RRIF, as the case may be, deals at arm's length with Calloway and does not have a "significant interest" (within the meaning of the Tax Act) in Calloway, the Debentures will not be a prohibited investment under the Tax Act for such TFSA, RRSP or RRIF. Annuitants of a trust governed by an RRSP or RRIF and holders of trusts governed by a TFSA should consult their own advisors to ensure the Debentures would not be a prohibited investment in their particular circumstances

RATINGS ON SECURITIES

DBRS Limited ("**DBRS**") provides credit ratings of debt securities for commercial entities. A credit rating generally provides an indication of the risk that the borrower will not fulfill its full obligations in a timely manner with respect to both interest and principal commitments. Rating categories range from highest credit quality (generally AAA) to very highly speculative (generally C). DBRS has provided Calloway with a credit rating of BBB with a stable trend relating to all senior unsecured obligations of Calloway (the "**Senior Debentures**") including (i) the 5.37% Debentures, (ii) Calloway's series F senior unsecured debentures due February 1, 2019 bearing interest at an annual rate of 5.00% per annum (the "**5.00% Debentures**"), (iii) Calloway's series G senior unsecured debentures due August 22, 2018 bearing interest at an annual rate of 4.70% per annum (the "**4.70% Debentures**"), (iv) Calloway's series H unsecured debentures due July 27, 2020 bearing interest at an annual rate of 4.05% per annum (the "**4.05% Debentures**"), (v) the 3.985% Debentures, (vi) Calloway's series J unsecured debentures due December 1, 2017 bearing interest at an annual rate of 3.385% per annum (the "**3.385% Debentures**"), (vii) Calloway's series K floating rate unsecured debentures due October 16, 2015 (the "**Floating Rate Debentures**"), (viii) Calloway's series L senior unsecured debentures due February 11, 2021 bearing interest at an annual rate of 3.749% per annum (the "**3.749% Debentures**"), and (ix) a preliminary credit rating of BBB with a stable trend on the Debentures. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS.

DBRS also provides stability ratings for real estate investment trusts ("**REITs**") and income trusts. A stability rating generally provides an indication of both the stability and sustainability of the distributions to unitholders by the rated entity. DBRS's rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). DBRS has provided Calloway with a stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit.

DBRS has not provided a credit rating on the convertible unsecured subordinated debentures of Calloway due June 30, 2017 bearing interest at an annual rate of 5.75% per annum (the "**5.75% Convertible Debentures**").

Payments were made by Calloway to DBRS in connection with the ratings of the Senior Debentures (including, for greater certainty, the Debentures) and in connection with the stability rating of Calloway. No payments were made to DBRS in respect of any other service provided to Calloway by DBRS during the last two years.

The ratings accorded to Calloway are not recommendations to purchase, hold or sell Calloway's securities. There can be no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised by a rating agency at any time.

INTEREST AND EARNINGS COVERAGES

The Series M Trust Indenture (as defined under "Details of the Offering - Definitions") will contain a covenant that Calloway will maintain a ratio of Consolidated Adjusted EBITDA to Consolidated Interest Expense of not less than 1.65 to 1. The calculation of such interest coverage ratio will be based on the defined terms of Consolidated Adjusted EBITDA and Consolidated Interest Expense to be contained in the Series M Trust Indenture (see "Details of the Offering - Definitions" and "Details of the Offering - Certain Covenants regarding Debentures - Consolidated Adjusted EBITDA to Consolidated Interest Expense Ratio"). This interest coverage ratio differs from the earnings coverage ratio required to be calculated under applicable Canadian securities law disclosure requirements. Such securities law disclosure requires the calculation to be based upon earnings and, as described in Note 1 to the table below under "Earnings Coverage Ratios", includes a full 12 months of interest expense on indebtedness incurred subsequent to the respective calculation periods as if the indebtedness was incurred at the beginning of the calculation period but gives no credit to income derived from the associated use of proceeds other than interest savings on the repayment, redemption or retirement of other indebtedness. The interest coverage ratio calculated in accordance with the terms of the Trust Indenture for the 12 month period ended March 31, 2014 gives pro forma effect to the issuance of the Debentures and to acquisitions and dispositions of income producing assets, debt incurred and debt retired during or subsequent to the calculation period and the associated annual income therefrom as if these transactions occurred at the beginning of the calculation period. These coverage ratios are set out below. The first coverage ratio (under "Interest Coverage Ratio") has been calculated using the methodology that will be prescribed by the Series M Trust Indenture. The second coverage ratios (under "Earnings Coverage Ratios") have been calculated using the methodology prescribed under applicable Canadian securities law.

Interest Coverage Ratio

The interest coverage ratio for Calloway for the 12 month period ended March 31, 2014 (including pro forma adjustments as required under the Series M Trust Indenture), being Calloway's ratio of Consolidated Adjusted EBITDA to Consolidated Interest Expense calculated in accordance with the terms of the Series M Trust Indenture, is approximately 2.54.

The following table sets out the pro forma interest coverage ratio discussed above.

	Pro forma for the 12 months ended March 31, 2014
Interest expense (\$)	146,351,000
Capitalized interest (\$)	14,600,000

The terms of the Debentures will be set out in the Series M Trust Indenture. The following is a summary of the material terms of the Debentures which does not purport to be complete. For full particulars of such terms, reference should be made to the Series M Trust Indenture.*

General

The Debentures will be issued in \$1,000 denominations and will be dated July 22, 2014, will bear interest at the rate of 3.73% per annum, payable in semi-annual instalments on January 22 and July 22 in each year, with the first payment of interest due on January 22, 2015. The equal semi-annual interest payments will be in an amount equal to \$18.65 per \$1,000 principal amount. The Debentures will mature on July 22, 2022.

The Debentures will be direct senior unsecured obligations of Calloway and will rank equally and rateably with one another and with all other unsecured and unsubordinated Indebtedness of Calloway except for sinking fund provisions (if any) applicable to different series of Debt Securities or other obligations of Calloway, except to the extent prescribed by law.

Guarantee

The Debentures will be guaranteed by the wholly-owned Material Subsidiaries of Calloway and certain of the wholly-owned corporate Subsidiaries. All such current and future Material Subsidiaries will provide a guarantee of the Debentures. In the case of default by Calloway, the Indenture Trustee will, subject to the Series M Trust Indenture, seek redress from such Subsidiaries for the guaranteed obligations. These guarantees are intended to

eliminate structural subordination, which arises as a consequence of certain Calloway assets being held in various Subsidiaries. A guarantor may be released from its guarantee in certain circumstances where it no longer remains a majority-owned Subsidiary of Calloway. The financial results of the guarantors are included in the consolidated financial results of Calloway, which are incorporated by reference in this prospectus supplement. See “Risk Factors – Structural Subordination of Debentures”.

Redemption by Calloway

At its option, Calloway may redeem the Debentures, in whole or in part, at any time and from time to time, on payment of a redemption price equal to the greater of (i) the Canada Yield Price and (ii) par, together in each case with accrued and unpaid interest to the date fixed for redemption. Calloway will give notice of redemption at least 30 days but not more than 60 days before the date fixed for redemption. Where less than all of the Debentures are to be redeemed pursuant to their terms, the Debentures to be so redeemed will be redeemed on a pro rata basis according to the principal amount of Debentures registered in the respective name of each holder of Debentures or in such other manner as the Indenture Trustee may consider equitable.

For the purposes of the foregoing provisions, the following terms will be defined in the Series M Trust Indenture substantially as follows:

“**Canada Yield Price**” means a price equal to the price of the Debentures calculated to provide a yield to maturity, compounded semi-annually and calculated in accordance with generally accepted financial practice, equal to the Government of Canada Yield calculated at 10:00 a.m. (Toronto time) on the date on which Calloway gives notice of redemption of the Debentures pursuant to the Trust Indenture plus 0.425%.

“**Government of Canada Yield**” on any date means the yield to maturity on such date, compounded semi-annually and calculated in accordance with generally accepted financial practice, which a non-callable Government of Canada bond would carry if issued, in Canadian dollars in Canada, at 100% of its principal amount on such date with a term to maturity equal to the remaining term to maturity of the Debentures, calculated as of the redemption date of the Debentures, such yield to maturity being the average of the yields provided by two major Canadian investment dealers selected by Calloway.

Purchase of Debt Securities

Calloway may at any time and from time to time purchase the Debentures in the market (which will include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract at any price. Debt Securities that are so purchased will be cancelled and will not be reissued or resold.

Certain Trust Indenture Covenants

The Series M Trust Indenture will contain covenants substantially to the following effect in favour of holders of the Debt Securities (including the Debentures).

Maintenance of Properties

Calloway will maintain and keep or cause to be maintained and kept in good condition, repair and working order all of the properties owned by it or any of its Subsidiaries used in its business or in the business of any of its Subsidiaries. Calloway will make or cause to be made all necessary repairs and renewals to and replacements and improvements of these properties as in its judgment may be necessary to carry on its business properly and prudently. Notwithstanding the foregoing, Calloway and its Subsidiaries will not be prohibited from selling or transferring their properties in the ordinary course of business.

Insurance

Calloway will maintain and will cause its Subsidiaries to maintain such property and liability insurance as would be maintained by a prudent owner.

Restrictions on Consolidations and Mergers

Calloway may not consolidate with, amalgamate or merge with or into or sell, assign, transfer or lease all or substantially all of its properties and assets unless:

- (a) the entity formed by such consolidation or amalgamation or into which Calloway is merged or the entity which acquires by operation of law or by conveyance or by transfer the assets of Calloway substantially as an entirety is a corporation or unincorporated organization organized or existing under the laws of Canada or any province or territory thereof and (except where such assumption is deemed to have occurred solely by the operation of law) such entity assumes under a supplemental indenture all the obligations of Calloway under the Trust Indenture, any supplemental indenture and the Debt Securities and such transaction to the satisfaction of the Indenture Trustee and in the opinion of counsel will be on such terms to preserve and not impair any of the rights and powers of the Indenture Trustee and the holders of Debt Securities;
- (b) immediately before and immediately after giving effect to such transaction, no Event of Default (as defined in the Trust Indenture) has occurred and is continuing; and
- (c) immediately after giving effect to such transaction, the surviving entity could incur at least \$1.00 of additional Indebtedness.

Certain Covenants Regarding Debentures

The Series M Trust Indenture will contain covenants substantially to the following effect in favour of the holders of the Debentures.

Consolidated Adjusted EBITDA to Consolidated Interest Expense Ratio

Calloway will maintain a ratio of Consolidated Adjusted EBITDA to Consolidated Interest Expense (including pro forma adjustments as required under the Series M Trust Indenture) of not less than 1.65 to 1.

Restrictions on Additional Indebtedness

Calloway will not incur or assume, or permit any Subsidiary to incur or assume, any Indebtedness unless the quotient (expressed as a percentage) obtained by dividing Consolidated Indebtedness by Aggregate Assets, calculated on a pro forma basis as described below (the “**Indebtedness Percentage**”), would be less than or equal to 65%.

The Series M Trust Indenture will provide that the Indebtedness Percentage will be calculated on a pro forma basis as at the date of Calloway’s most recently published balance sheet (the “**Balance Sheet Date**”) giving effect to the incurrence of the Indebtedness to be incurred or assumed and the application of the proceeds therefrom and to any other event that has increased or decreased Consolidated Indebtedness or Aggregate Assets since the Balance Sheet Date to the date of calculation.

Equity Maintenance

Calloway will maintain an Adjusted Unitholders’ Equity of at least \$500 million.

Events of Default

The Trust Indenture provides that each of the following events will constitute an event of default (each, an “**Event of Default**”) in respect of each series of Debt Securities (including the Debentures):

- (a) default in payment of principal when due;
- (b) default in payment of any interest when due where such default continues for a period of three business days after the relevant interest payment date;

- (c) a breach of or default in the performance of any other covenant of Calloway under the Trust Indenture, the Debt Securities or a supplemental indenture in connection with that series of Debt Securities where such default or breach continues for a period of 30 days after the Indenture Trustee has given notice in writing to Calloway specifying the nature of such breach or default, and requiring that it be remedied unless the Indenture Trustee (having regard to the subject matter of such breach or default) agrees to a longer period, and in such event within the period agreed to by the Indenture Trustee;
- (d) certain events of bankruptcy, insolvency, winding up or dissolution related to Calloway or a Material Subsidiary as set out in the Trust Indenture;
- (e) the rendering of a final judgment or judgments (not subject to appeal) against Calloway or any Material Subsidiary in an aggregate amount in excess of \$25 million by a court or courts of competent jurisdiction, which remains or remain undischarged and unstayed for a period of 60 days after the date on which the right to appeal has expired; and
- (f) default by Calloway or any Material Subsidiary under the terms of any Indebtedness (other than any Non-Recourse Indebtedness) where that default results in the acceleration of that Indebtedness (after expiration of any applicable grace period) unless such acceleration is waived or rescinded; provided that the aggregate of all such Indebtedness which is accelerated exceeds \$25 million.

Subject to the provisions of the Trust Indenture relating to the duties of the Indenture Trustee, in case an Event of Default applicable to a series of Debt Securities occurs and is continuing, the Indenture Trustee will be under no obligation to exercise any of its rights or powers under the Trust Indenture at the request or direction of any of the holders of Debt Securities of such series, unless such holders have offered to indemnify the Indenture Trustee to its reasonable satisfaction.

If an Event of Default (other than an Event of Default described in paragraph (d) above) occurs and is continuing with respect to a particular series of Debt Securities, either the Indenture Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Debt Securities of such series may accelerate the maturity of all Debt Securities of such series; provided that, notwithstanding any other provisions of the Trust Indenture, any supplemental indenture or any Debt Securities, after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of outstanding Debt Securities of that series may rescind and annul such acceleration in certain circumstances described in the Trust Indenture. See “Modification and Waiver”. If an Event of Default specified in paragraph (d) above occurs, the outstanding Debt Securities will become immediately due and payable without any declaration or other act on the part of the Indenture Trustee or any holder of Debt Securities. If the maturity of the Debt Securities of a series has been accelerated, legal action against Calloway may be authorized by an Extraordinary Resolution of the holders of the Debt Securities of such series.

Depository Services

Except as otherwise provided below, the Debentures will be issued in “book-entry only” form and must be purchased or transferred through participants (“**Participants**”) in the depository service of CDS Clearing and Depository Services Inc. or a successor (“**CDS**”), which include securities brokers and dealers, banks and trust companies. On the closing date of the offering, Calloway will cause a global certificate or certificates representing the Debentures (each, a “**Global Debenture**”) to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of a Debenture will be entitled to a certificate or other instrument from Calloway or CDS evidencing that Debentureholder’s ownership thereof, and no Debentureholder will be shown on the records maintained by CDS except through a book-entry account of a Participant acting on behalf of such Debentureholder. Each Debentureholder will receive a customer confirmation of purchase from the registered dealer from which the Debenture is purchased in accordance with the practices and procedures of that registered dealer. Practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its Participants having interests in the Debentures.

Debentures will be issued in fully registered form to holders or their nominees other than CDS or its nominee if (i) Calloway determines that CDS is no longer willing or able to discharge properly its responsibilities as depository and Calloway is unable to locate a qualified successor, (ii) Calloway at its option elects, or is required by law, to terminate the book-entry system through CDS or such book-entry system ceases to exist, or (iii) after the occurrence of an Event of Default, holders of Debentures representing beneficial interests aggregating over 50% of the outstanding principal amount of Debentures determine that the continuation of the book-entry system is no longer in their best interests.

Transfers

Transfers of ownership in the Debentures will be effected only through records maintained by CDS or its nominee for such Debentures with respect to interests of Participants and on the records of Participants with respect to interests of persons other than Participants. Debentureholders who are not Participants, but who desire to purchase, sell or otherwise transfer ownership of or other interest in the Debentures, may do so only through Participants.

The ability of a Debentureholder to pledge a Debenture or otherwise take action with respect to such Debentureholder's interest in a Debenture (other than through a Participant) may be limited due to the lack of a physical certificate.

Payment of Interest and Principal

Except in the case of payment on maturity, in which case payment may be made on surrender of the Global Debenture, payments of interest and principal on each Global Debenture will be made to CDS as registered holder of the Global Debenture. Interest payments on the Global Debenture will be made by cheque dated the date interest is payable and delivered to CDS two days before the date interest is payable. Payments of interest may also be made by electronic funds transferred to CDS at the option of Calloway. Principal payments on the Global Debenture will be made by cheque dated the maturity date delivered to CDS at maturity against receipt of the Global Debenture. As long as CDS is the registered holder of the Global Debenture, CDS will be considered the sole owner of the Global Debenture for the purpose of receiving payment on the Debentures and for all other purposes under the Trust Indenture and the Debentures.

Calloway expects that CDS, upon receipt of any payment of principal or interest in respect of a Global Debenture, will credit Participants' accounts, on the date principal or interest is payable, with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Debenture as shown on the records of CDS. Calloway also expects that payments of principal and interest by Participants to the owners of beneficial interests in such Global Debenture held through such Participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants. The responsibility and liability of Calloway and the Indenture Trustee in respect of Debentures represented by the Global Debenture is limited to making payment of any principal and interest due on such Global Debenture to CDS.

If the date for payment of any amount of principal or interest on any Debenture is not a business day at the place of payment, then payment will be made on the next business day and the holder of the Debenture will not be entitled to any further interest or other payment in respect of the delay.

Change of Control

In the event of a Change of Control, the holders of Debentures may require Calloway to repurchase their Debentures, in whole or in part, at a price of (i) 101% of the principal amount of such Debentures plus (ii) all accrued interest to the date of repurchase.

Defeasance

The Trust Indenture contains provisions requiring the Indenture Trustee to release Calloway from its obligations under the Trust Indenture and any supplemental indenture relating to a particular series of Debt Securities (including the Debentures) provided that, among other things, Calloway satisfies the Indenture Trustee

that it has deposited funds or made due provision for the payment of (i) the expenses of the Indenture Trustee and (ii) all principal, premium (if any), interest and other amounts due or to become due in respect of such series of Debt Securities.

Modification and Waiver

The rights of the holders of Debt Securities issued under the Trust Indenture and any supplemental indenture may be modified if authorized by Extraordinary Resolution. If the proposed modification affects the rights of the holders of a separate series of Debt Securities rather than all of the Debt Securities, the approval of a like proportion of the holders of such separate series of Debt Securities outstanding will be required.

The approval threshold for an Extraordinary Resolution will generally be 66 $\frac{2}{3}$ % but will be 75% for the following: (a) to change the stated maturity of the principal or redemption price of or any premium or installment of interest on, any Debt Securities of such series, (b) to reduce the principal amount of, or interest or premium (if any) on, any Debt Securities of such series, (c) to change the place or currency of payment of the principal of, premium (if any) on redemption price of or interest on, any Debt Securities of such series or (d) to amend the percentage of Debt Securities of such series necessary to approve an Extraordinary Resolution. See the definition of "Extraordinary Resolution" under "Definitions".

Subject to certain rights of the Indenture Trustee as provided in the Trust Indenture, the holders of a majority of the outstanding principal amount of the Debt Securities of a series (including the Debentures), on behalf of all holders of Debt Securities of such series, may waive certain Events of Default under the Trust Indenture with respect to such series of Debt Securities.

Financial Information

Calloway has covenanted in the Trust Indenture to deliver to the Indenture Trustee its audited annual financial statements and unaudited interim financial statements at such time as such statements are delivered to Canadian securities regulators.

PLAN OF DISTRIBUTION

Under an underwriting agreement (the "**Underwriting Agreement**") dated July 17, 2014 between the Underwriters and Calloway, Calloway has agreed to sell and the Underwriters have severally agreed to purchase on July 22, 2014 or such other date as may be agreed upon, but not later than July 29, 2014, subject to compliance with all necessary legal requirements and to the terms and conditions contained in the Underwriting Agreement, \$150,000,000 principal amount of Debentures at a price equal to \$1,001.37 per \$1,000 principal amount of Debenture, plus accrued interest (if any) from July 22, 2014 to the date of delivery, payable in cash to Calloway against delivery of such principal amount of Debentures. The Underwriting Agreement provides that Calloway will pay the Underwriters a fee equal to 0.70% of the gross proceeds from the sale of the Debentures on account of their services rendered in connection with this offering. The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion on the basis of their assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events.

The Debentures will be offered to the public at prices to be negotiated between each purchaser and the Underwriters. Accordingly, the price at which the Debentures will be offered and sold to the public may vary as between purchasers and during the period of distribution of the Debentures. The Underwriters overall compensation will increase by the amount by which the aggregate price paid for the Debentures by the purchasers exceeds the gross proceeds paid by the Underwriters to Calloway.

The Offering is being made in each of the provinces of Canada. The Debentures have not been and will not be registered under the U.S. Securities Act or any state securities laws. Accordingly, except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws, the Debentures may not be offered, sold or delivered within the United States, and each Underwriter has agreed that it will not offer, sell or deliver the Debentures within the United States except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of this offering of Debentures, any offer or sale of the Debentures offered hereby within the

United States by any dealer (whether or not participating in this offering) may violate the registration requirements of the U.S. Securities Act.

If one or more of the Underwriters fails to purchase their allotment of the Debentures, the remaining Underwriter or Underwriters may, but are not obligated to, purchase the Debenture not purchased by the Underwriter or Underwriters who failed to purchase. The Underwriters are, however, obligated to take up and pay for all of the Debentures if any of the Debentures are purchased under the Underwriting Agreement.

Calloway has agreed to indemnify the Underwriters and their respective shareholders, directors, officers, employees and agents against certain liabilities, including civil liabilities under Canadian provincial securities legislation, or to contribute to payments the Underwriters may be required to make in respect thereof.

Pursuant to policy statements of certain securities regulators, the Underwriters may not, throughout the period of distribution under this prospectus supplement, bid for or purchase Debentures. The foregoing restriction is subject to certain exceptions, on the condition that the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in or raising the price of, Debentures. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules as administered by Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Under the first mentioned exception, in connection with this offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Debentures at levels other than those which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

Calloway has further agreed with the Underwriters that it will not issue or sell Debentures or any other senior unsecured debentures of Calloway (or agree to do so or publicly announce any intention to do so), at any time prior to 60 days after the issuance of the Debentures offered pursuant to this prospectus supplement, unless (i) the issue or sale or the proposed issue or sale is made pursuant to the Underwriting Agreement; or (ii) Calloway will have obtained the prior written consent of RBC Dominion Securities Inc., BMO Nesbitt Burns Inc. and CIBC World Markets Inc. on behalf of the Underwriters, which consent will not be unreasonably withheld or delayed.

RELATIONSHIP BETWEEN CALLOWAY AND CERTAIN OF THE UNDERWRITERS

Each of RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., CIBC World Markets Inc., TD Securities Inc., Scotia Capital Inc. and Desjardins Securities Inc. is a subsidiary of a financial institution which is among Calloway's principal lenders. Consequently, Calloway may be considered to be a "connected issuer" of such Underwriters under applicable Canadian securities legislation.

As at July 17, 2014:

- (a) approximately \$nil is outstanding under an operating line, and approximately \$2,475,000 in aggregate, is outstanding under mortgages on certain of Calloway's properties with the bank that owns RBC Dominion Securities Inc.;
- (b) approximately \$nil is outstanding under an operating line with the bank which owns BMO Nesbitt Burns Inc.;

- (g) approximately \$62,875,000 was outstanding under mortgages on certain of Calloway's properties with the bank which owns Desjardins Securities Inc.

The credit facilities and the mortgages referred to above are secured by certain assets of Calloway. The agreements governing such indebtedness contain representations and covenants, restrictions and events of default that are customary for such agreements, including restrictions on Calloway relating to additional indebtedness, liens and encumbrances and adherence to specified financial covenants.

As of the date of this prospectus supplement, Calloway is in compliance with the terms of such agreements and the financial position of Calloway and the value of the security granted to the financial institutions pursuant to such agreements have not materially changed since such agreements were entered into.

Each of the Underwriters has advised Calloway that the decision to underwrite this offering was made independently of the financial institutions and the financial institutions had no influence as to the determination of the terms of the distribution. None of the Underwriters will receive any benefit in connection with this offering other than its share of the Underwriters' fee payable by Calloway.

USE OF PROCEEDS

The estimated net proceeds to Calloway from this offering, after deducting the Underwriters' fees of \$1,050,000 but before deducting the estimated expenses of the issue estimated to be approximately \$350,000, will be approximately \$149,155,500.

Calloway intends to use the net proceeds for future property acquisitions including the Transaction mentioned under "Recent Developments" and the repayment of debt maturing in 2014 and the balance of the net proceeds shall be used for general trust purposes.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Osler, Hoskin & Harcourt LLP, counsel to Calloway, and McCarthy Tétrault LLP, counsel to the Underwriters (collectively, "**Counsel**"), the following is a summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a holder who acquires Debentures, including, entitlement to all payments thereunder, as beneficial owner, pursuant to the Offering. This summary is applicable to such a holder who, at all relevant times, for purposes of the application of the Tax Act and the *Income Tax Regulations* (the "**Regulations**"): (i) is, or is deemed to be, resident in Canada; (ii) deals at arm's length with, and is not affiliated with, Calloway; and (iii) holds Debentures as capital property (a "**Holder**"). Generally, the Debentures will be considered to be capital property to a Holder provided the Holder does not acquire or hold such Debentures in the course of carrying on a business of buying, holding or selling securities or as part of an adventure or concern in the nature of trade. Certain Holders may be entitled to make or may have already made the irrevocable election permitted by subsection 39(4) of the Tax Act, the effect of which may be to deem to be capital property any Debentures (and all other "Canadian securities", as defined in the Tax Act) owned by such Holder in the taxation year in which the election is made and in all subsequent taxation years. Holders whose Debentures might not otherwise be considered to be capital property should consult their own tax advisors concerning this election.

This summary is not applicable to a holder (i) an interest in which is a "tax shelter investment", (ii) that is, for purposes of certain rules (referred to as the mark-to-market rules) applicable to securities held by financial institutions, a "financial institution", (iii) that reports its "Canadian tax results" in a currency other than Canadian currency, or (iv) that enters into, with respect to their Debentures, a "derivative forward agreement", each as defined in the Tax Act. Such holders should consult their own tax advisors.

This summary is based on (i) the facts set out in the Short Form Prospectus and this prospectus supplement (including the documents incorporated by reference), (ii) a certificate of Calloway as to certain factual matters, (iii) the current provisions of the Tax Act and the Regulations in force at the date hereof, and (iv) Counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency published in writing by it prior to the date hereof. This summary takes into account all specific proposals to amend

the Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Proposed Amendments**”) and assumes that all Proposed Amendments will be enacted in the form proposed. However, no assurances can be given that the Proposed Amendments will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative policy or assessing practice, whether by legislative, administrative or judicial action, nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ from those discussed herein.

This summary is of a general nature only and is not, and is not intended to be, legal or tax advice to any particular holder. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective holders of Debentures should consult their own tax advisors having regard to their own particular circumstances.

Taxation of Interest on Debentures

A Holder of Debentures that is a corporation, partnership, unit trust or any trust of which a corporation or a partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on the Debentures that accrues to it (or that is deemed to accrue to it) to the end of the particular taxation year or that has become receivable by or is received by the Holder before the end of that taxation year, including on a redemption or repayment on maturity, except to the extent that such interest was included in computing the Holder’s income for a preceding taxation year.

Any other Holder will be required to include in computing income for a taxation year all interest on the Debentures that is received or receivable by the Holder in that taxation year (depending upon the method regularly followed by the holder in computing income), except to the extent that the Holder included that interest in income for a preceding taxation year.

Upon a redemption or repayment of a Debenture, interest accrued thereon to the date of redemption or repayment and that would otherwise be payable after that date will be included in computing the Holder’s income, except to the extent such amount was included in computing the Holder’s income for that or a previous taxation year. Upon a disposition or deemed disposition of a Debenture (other than on a redemption or repayment at maturity), interest accrued thereon to the date of disposition and not yet due will be included in computing the Holder’s income, except to the extent such amount was otherwise included in the Holder’s income.

Redemption or Repayment of Debenture

If Calloway redeems a Debenture prior to Maturity or repays a Debenture upon Maturity, the Holder will be considered to have disposed of the Debenture for proceeds of disposition equal to the amount received by the Holder (other than the amount received as interest, including any premium deemed to be interest as described below) on such redemption or repayment. The Holder may realize a capital gain or capital loss computed as described below under “Other Dispositions of Debentures”.

The amount of any premium paid by Calloway to a Holder on redemption of Debentures prior to maturity will generally be deemed to be interest received at that time by the Holder if such premium is paid by Calloway because of the repayment by Calloway of the Debentures before their maturity and to the extent that such premium can reasonably be considered to relate to, and does not exceed the value at the time of the redemption of, interest that, but for the repayment, would have been paid or payable by Calloway on the Debentures for taxation years of Calloway ending after the time of the redemption.

Other Dispositions of Debentures

A disposition or deemed disposition by a Holder of a Debenture will generally result in the Holder realizing a capital gain (or capital loss) equal to the amount, if any, by which the proceeds of disposition exceed (or are less than) the aggregate of the Holder’s adjusted cost base thereof and any reasonable costs of disposition. Generally, a Holder is required to include in computing its income for a taxation year one-half of the amount of any capital gain (a “taxable capital gain”) realized in the year. Subject to and in accordance with the provisions of the Tax Act, a Holder is required to deduct one-half of the amount of any capital loss (an “allowable capital loss”) realized in a taxation year from taxable capital gains realized by the Holder in the year and allowable capital losses in excess of

taxable capital gains for the year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years.

A Holder's proceeds of disposition of a Debenture will exclude interest accrued thereon to the date of disposition and not yet due and any premium paid on a redemption prior to maturity deemed to be interest, which interest will be included in computing the Holders' income as discussed above under "Taxation of Interest on Debentures".

RISK FACTORS

There are risks associated with the Debentures being distributed under this offering. In addition to the risks described herein, reference is made to the risks described in the Short Form Prospectus including Calloway's annual information form and management's discussion and analysis which are incorporated therein by reference. See "Documents Incorporated by Reference".

Credit Ratings

Real or anticipated changes in credit ratings on the Debentures may affect the market value of the Debentures. In addition, real or anticipated changes in credit ratings can affect the cost at which Calloway can access the debenture market.

Structural Subordination of Debentures

Liabilities of a parent entity with assets held by various Subsidiaries may result in the structural subordination of the lenders of the parent entity. The parent entity is entitled only to the residual equity of its Subsidiaries after all debt obligations of its Subsidiaries are discharged. In the event of a bankruptcy, liquidation or reorganization of Calloway, holders of indebtedness of Calloway (including holders of Debentures) may become subordinate to lenders to the Subsidiaries of Calloway.

Wholly-owned Material Subsidiaries and certain wholly-owned corporate Subsidiaries of Calloway will provide a form of guarantee pursuant to which the Indenture Trustee will, subject to the Trust Indenture, be entitled to seek redress from such wholly-owned Subsidiaries for the guaranteed indebtedness. These guarantees are intended to eliminate structural subordination which arises as a consequence of certain Calloway assets being held in various Subsidiaries. Although all wholly-owned Material Subsidiaries will provide a guarantee, not all Subsidiaries of Calloway will provide such a guarantee. In addition, there can be no assurance that the Indenture Trustee will, or will be able to, effectively enforce the guarantee. See "Details of the Offering – Guarantee".

Coverage Ratios

See "Interest and Earnings Coverages" which is relevant to an assessment of the risk that Calloway will be unable to pay interest or principal on the Debentures when due.

Market Value Fluctuation

Prevailing interest rates will affect the market value of the Debentures, as they carry a fixed interest rate. Assuming all other factors remain unchanged, the market value of the Debentures, which carry a fixed interest rate, will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Trading Market for Debentures

There is no market through which the Debentures may be sold and purchasers may not be able to resell Debentures purchased under this prospectus supplement. This may affect the pricing of the Debentures in the secondary market, the transparency and availability of trading prices, the liquidity of the Debentures and the extent of issuer regulation.

If the Debentures are traded after their initial issuance, they may trade at a discount from their initial public offering price depending on prevailing interest rates, the market for similar securities, the performance of Calloway and other factors. No assurance can be given as to whether an active trading market will develop or be maintained for the Debentures. To the extent that an active trading market for the Debentures does not develop, the liquidity and trading prices for the Debentures may be adversely affected.

Statutory Remedies

Calloway is not a legally recognized entity within the relevant definitions of the *Bankruptcy and Insolvency Act*, the *Companies' Creditors Arrangement Act* and in some cases, the *Winding Up and Restructuring Act*. As a result, in the event a restructuring of Calloway were necessary, Calloway would not be able to access the remedies available thereunder. In the event of a restructuring, a holder of Debentures may be in a different position than a holder of secured indebtedness of a corporation.

No Assurance of Closing

While Calloway expects that the Transaction and the transaction with Retrocom will close in September 2014 and October 2014, respectively, there are no assurances that the conditions under the conditional agreements will be fulfilled or that the closing of these transactions will not be delayed or that either or both of the transactions will be completed. If these transactions do not close, that could have an effect on the financial results of Calloway.

Canadian Tax-Related Risks

The Tax Act imposes a special taxation regime (the “**SIFT Rules**”) applicable to SIFT trusts, as such term is defined in the Tax Act. Under the SIFT Rules, a SIFT trust is subject to tax in respect of certain distributions that are attributable to the SIFT trust’s “non-portfolio earnings” (generally, income (other than certain dividends) from, or capital gains realized on, “non-portfolio properties”, which does not include certain investments in non-Canadian entities), at a rate substantially equivalent to the combined federal and provincial corporate tax rate on certain types of income.

The SIFT Rules are not applicable to REITs that meet certain specified criteria relating to the nature of their revenues and investments (the “**REIT Exception**”). If Calloway fails to qualify for the REIT Exception, Calloway will be subject to the tax regime introduced by the SIFT Rules.

Based on the legislation as it is now enacted, Calloway, as currently structured, does qualify for the REIT Exception and thus is not currently subject to tax under the SIFT Rules. However, no assurance can be given that Calloway will continue to qualify for the REIT Exception.

AUDITOR, TRANSFER AGENT AND REGISTRAR

The auditor of Calloway is PricewaterhouseCoopers LLP, Chartered Professional Accountants, Licensed Public Accountants.

The registrar and transfer agent for the Debentures will be Computershare Trust Company of Canada at its principal office in Toronto, Ontario.

LEGAL MATTERS

Legal matters in connection with the issuance of the Debentures offered by this prospectus supplement will be passed upon at the date of closing on behalf of Calloway by Osler, Hoskin & Harcourt LLP and on behalf of the Underwriters by McCarthy Tétrault LLP.

As of the date hereof, the partners and associates of Osler, Hoskin & Harcourt LLP, as a group, and McCarthy Tétrault LLP, as a group, beneficially own, directly or indirectly, less than 1% of the outstanding units of Calloway.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment thereto. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment thereto contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.
